

# SOUL X EATER

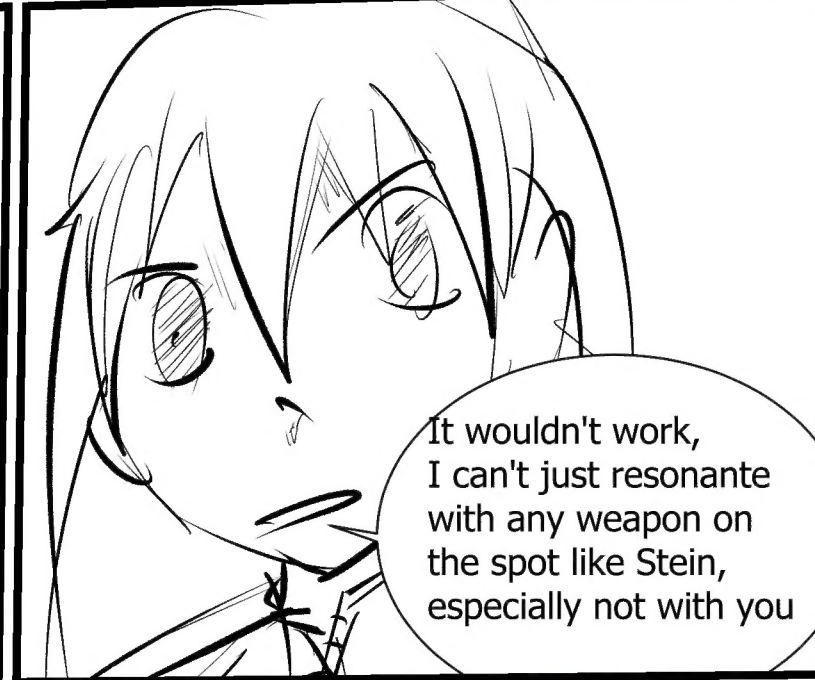

Post...

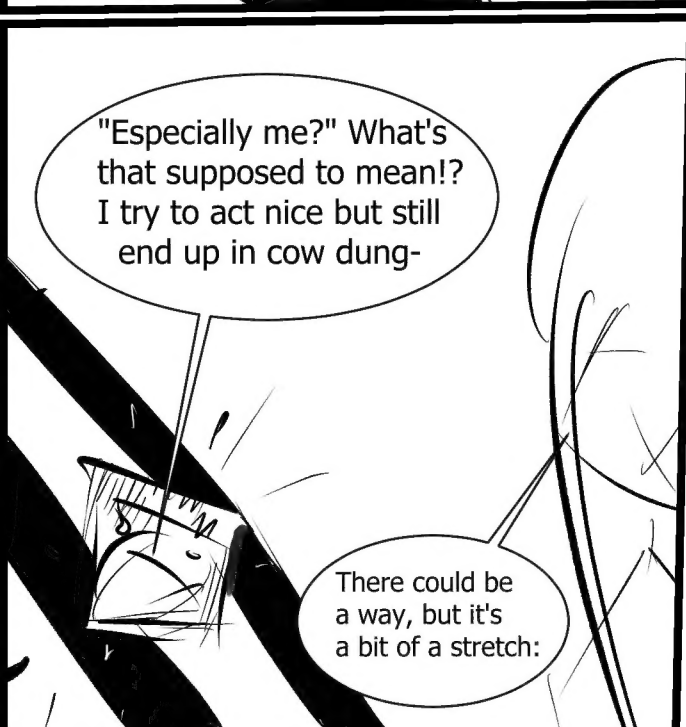

The end of the world of the world's end,  
part 2: "All the nights I don't die for you"

Is this  
a staring  
competition?  
Just pick me up!

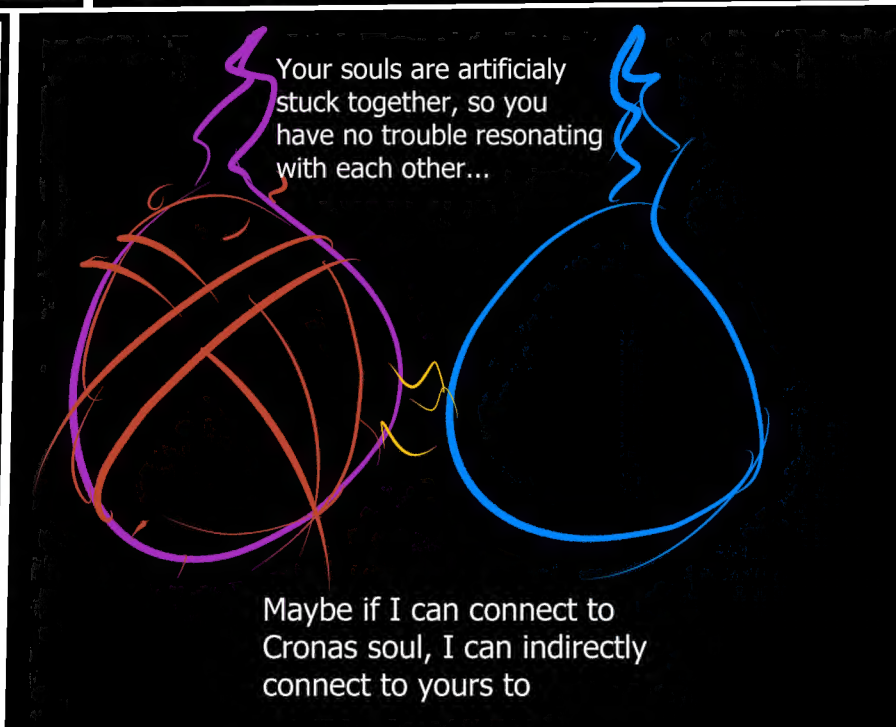

It wouldn't work,  
I can't just resonante  
with any weapon on  
the spot like Stein,  
especially not with you

"Especially me?" What's  
that supposed to mean!?  
I try to act nice but still  
end up in cow dung-

There could be  
a way, but it's  
a bit of a stretch:

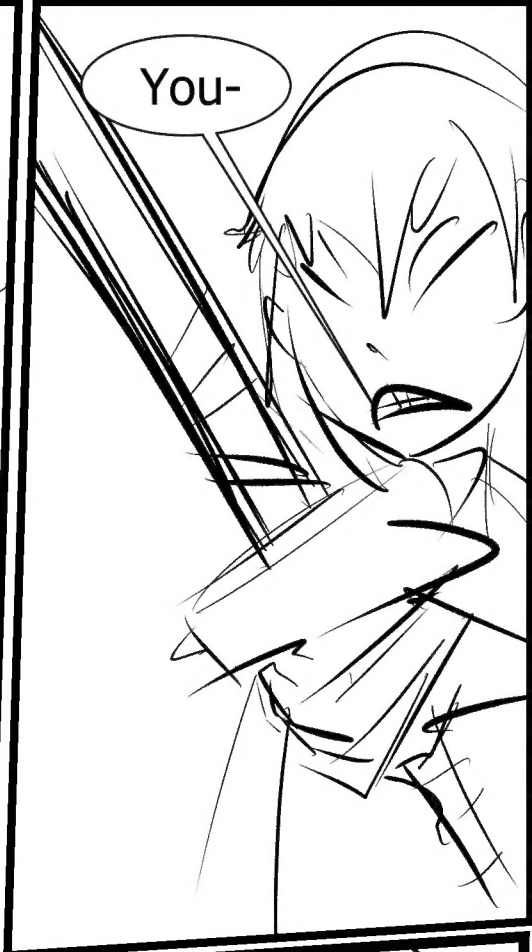

Your souls are artificial  
stuck together, so you  
have no trouble resonating  
with each other...

Maybe if I can connect to  
Cronas soul, I can indirectly  
connect to yours to

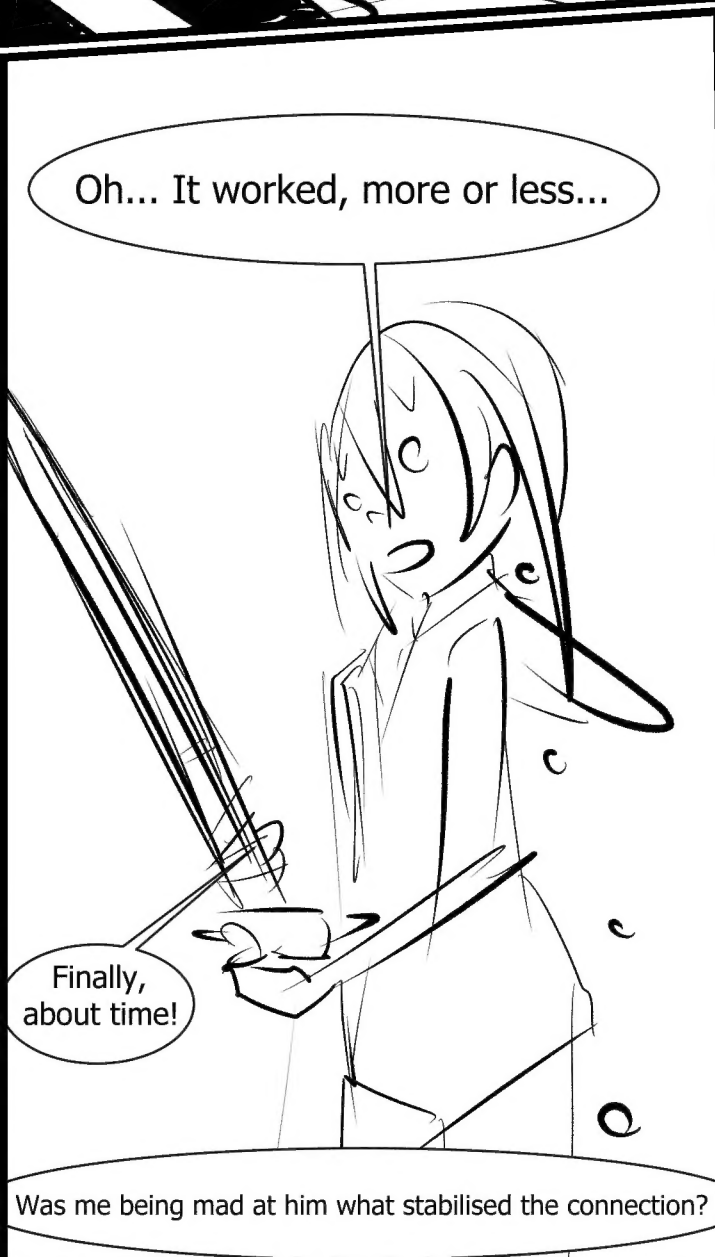

I'm not the one that is stabbing the other with black needles!

Tch, that's just a natural defense mechanism against your greasy unwashed hands!

You-

Oh... It worked, more or less...

Finally, about time!

Was me being mad at him what stabilised the connection?

Okay, how do we attack from affar?

Is this the pose? I kinda found it cool when Crona used to do it....

Wow impressed by that emo look? What's next, gonna start wearing mascara to? They do test make up on pigs afterall so it makes sense heh

Pig? The only  
pig here is you-

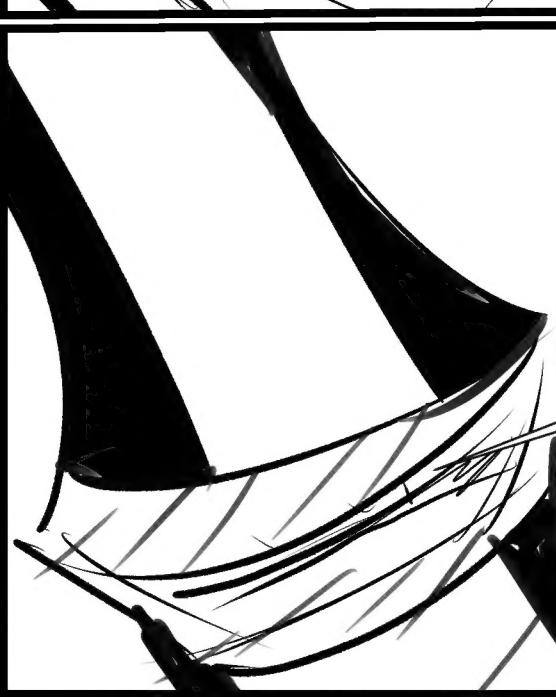

BANG!!

Your scolding can wait  
for when or if we get out  
here alive...

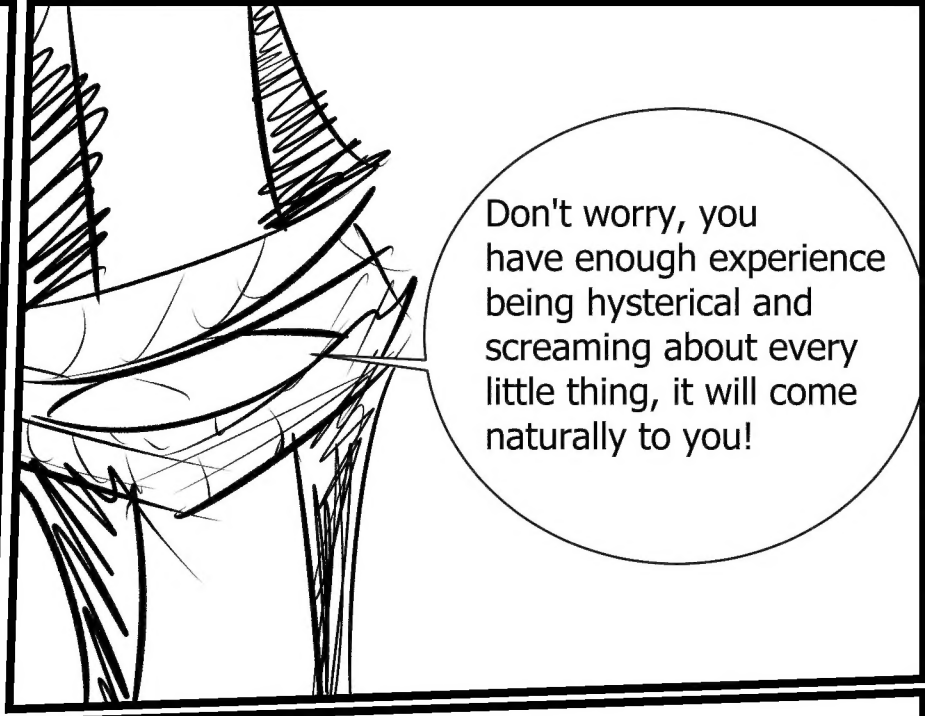

Just tell me how you  
usually do the long ranged attacks

Oh, that's so simple, even you could get  
it, if you really tried hard enough to understand  
with your little brain full of old book trivia!  
I just concentrate on how I hate Crona and  
how I hate everyone else around us even more  
and than I just let the maddnes flow and  
we scream!

That doesn't sound like a soul resonance the way we learned it

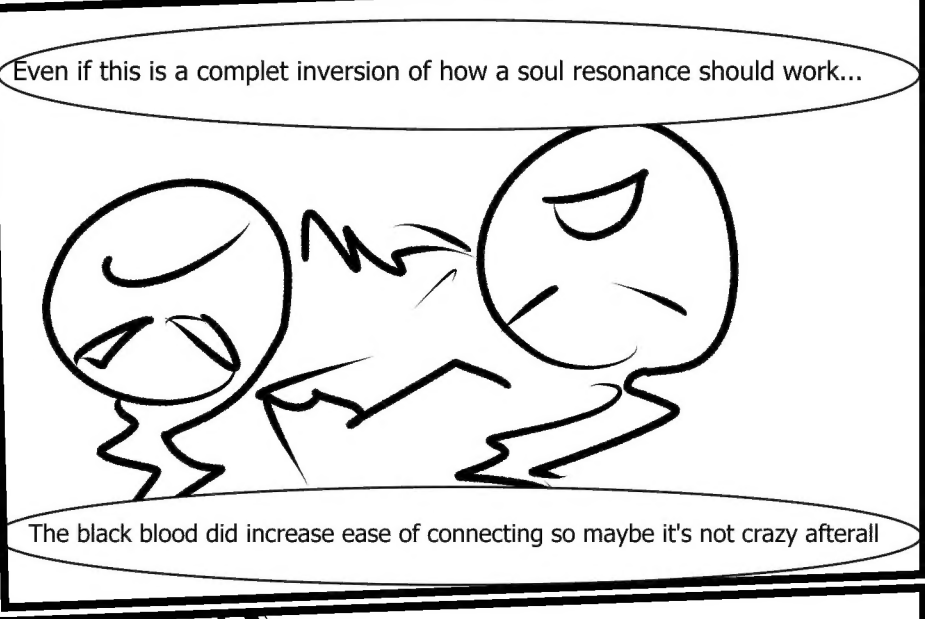

Don't worry, you have enough experience being hysterical and screaming about every little thing, it will come naturally to you!

What?! I'll show you hysterical!-

Perfect, continue just like this!

Even if this is a complet inversion of how a soul resonance should work...

The black blood did increase ease of connecting so maybe it's not crazy afterall

And it's not like anybody could form a normal bond with him, besides mutual hate...

Now it's my turn!  
You stupid, fat,  
anoying, lame,  
boring, ugly,  
weak...

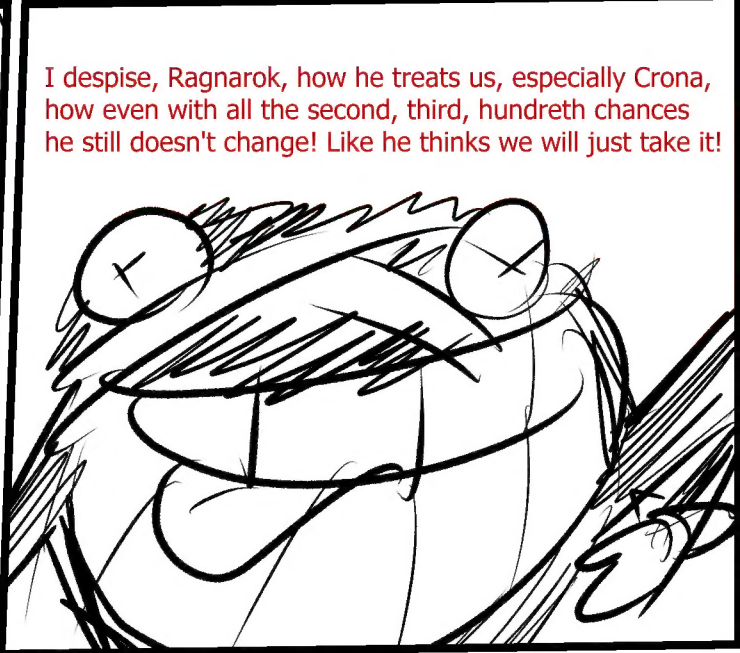

Alright,  
Here we  
go!

My anti-demon  
wavelength should  
keep the madness  
at bay...I hope...

# ALL MY HATE, ALL MY DESIRES TO DESTROY

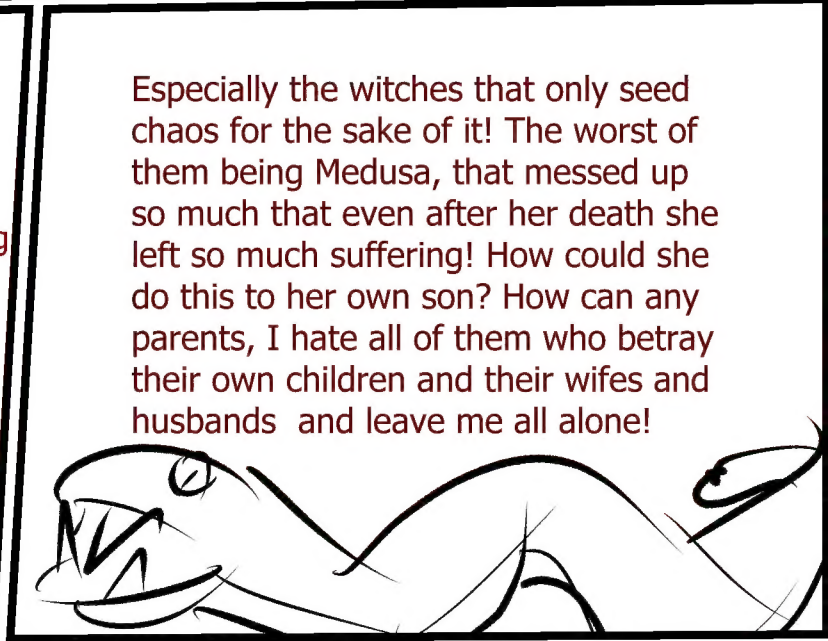

I despise, Ragnarok, how he treats us, especially Crona, how even with all the second, third, hundreth chances he still doesn't change! Like he thinks we will just take it!

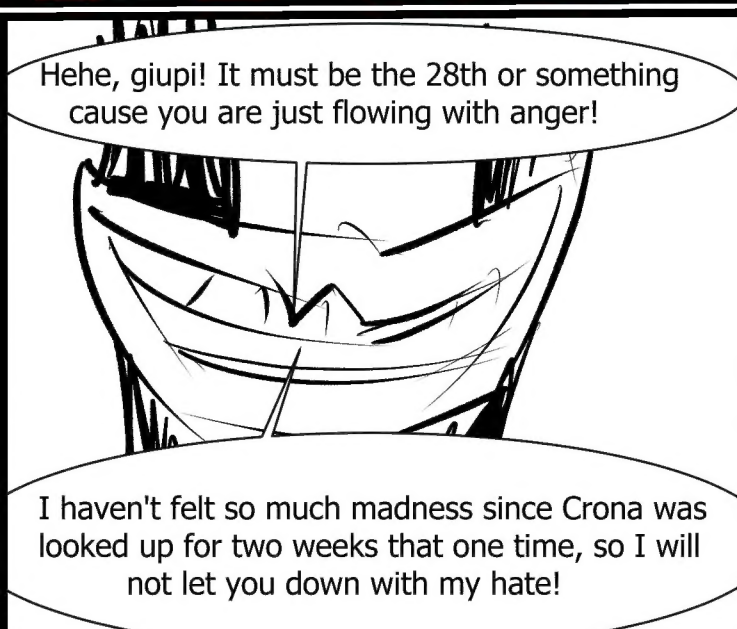

How can be anyone so evil? I hate working with him just because of some kishinegg, that only kill and destroy, make everyone suffer for no real reason! Why do they have to wreck everything that is good in this world?

Especially the witches that only seed chaos for the sake of it! The worst of them being Medusa, that messed up so much that even after her death she left so much suffering! How could she do this to her own son? How can any parents, I hate all of them who betray their own children and their wives and husbands and leave me all alone!

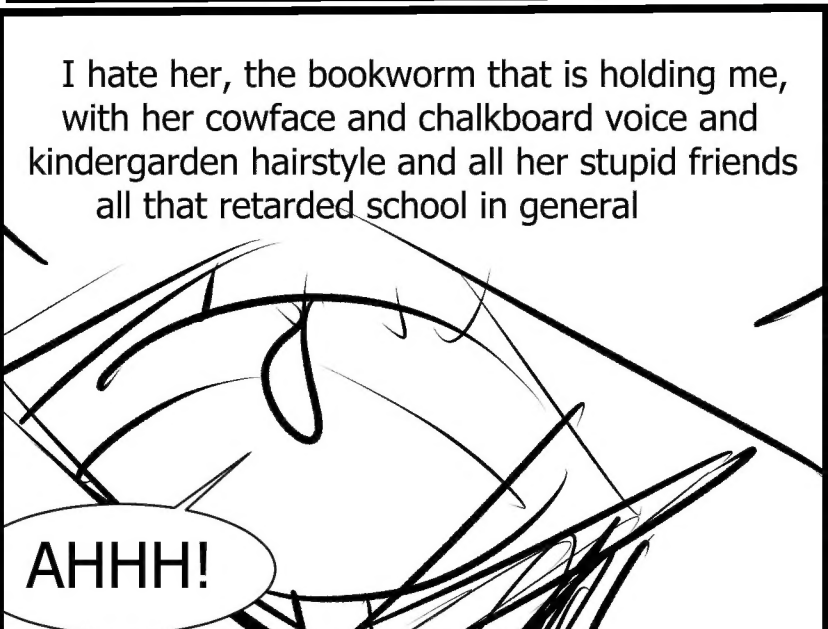

Hehe, giupi! It must be the 28th or something cause you are just flowing with anger!

I haven't felt so much madness since Crona was looked up for two weeks that one time, so I will not let you down with my hate!

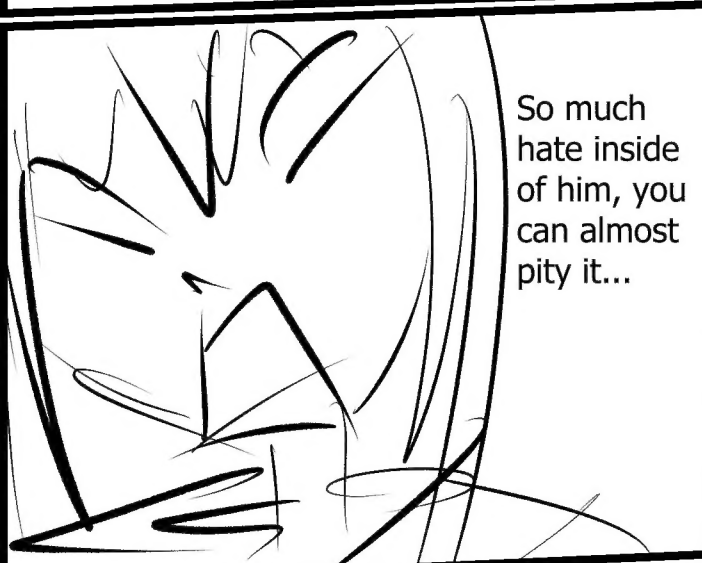

I hate her, the bookworm that is holding me, with her cowface and chalkboard voice and kindergarden hairstyle and all her stupid friends all that retarded school in general

AHHH!

AND EVERYTHING AND EVERYONE THAT  
RUINED MY LIFE LIKE THAT DWEEB CRONA  
AND HIS WITCH MOTHER, BUT ESPECIALLY  
I HATE...

Wh-where am I,  
Ragnarok, did the  
sniper get us?!

No, this must be-

I think this  
is the space  
between souls

Yeah, that makes  
sense, it's like when-

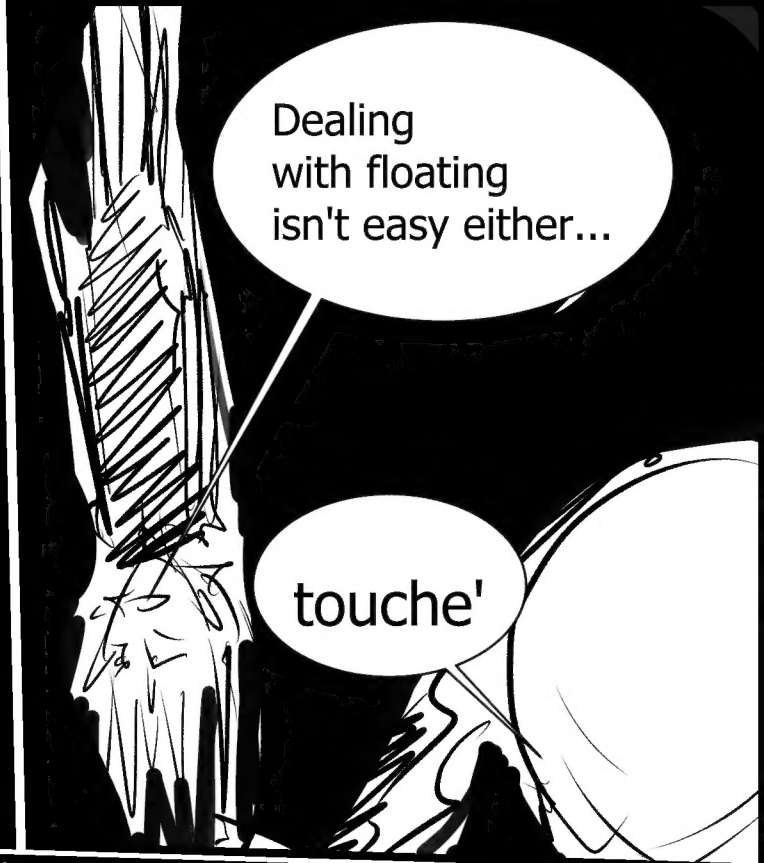

Wait you are  
here to?!

I-It seems like it, you  
needed me to get to  
Ragnarok afterall...

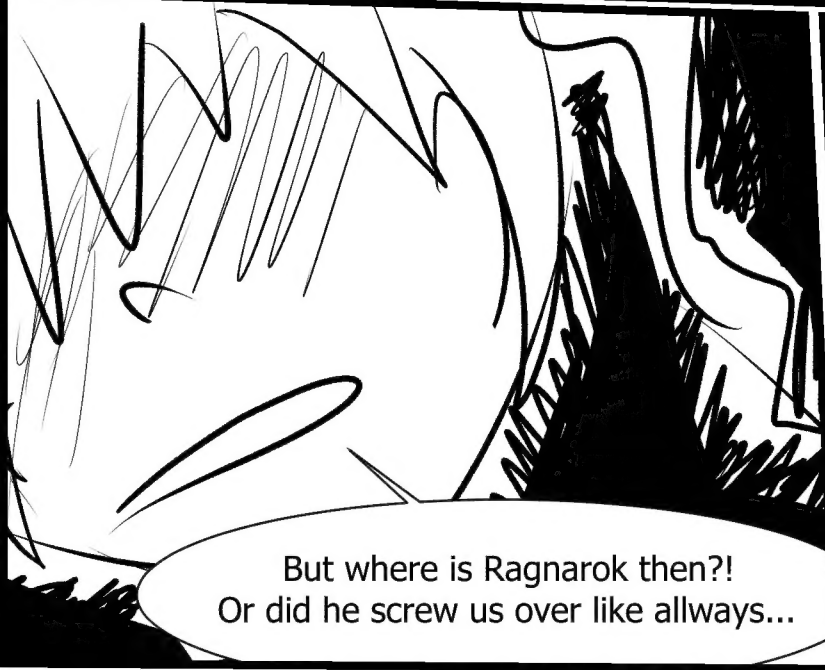

Well atleast the  
snipers dart doesn't  
hinder your movement  
here like it does "outside"

Dealing  
with floating  
isn't easy either...

touche'

But where is Ragnarok then?!  
Or did he screw us over like allways...

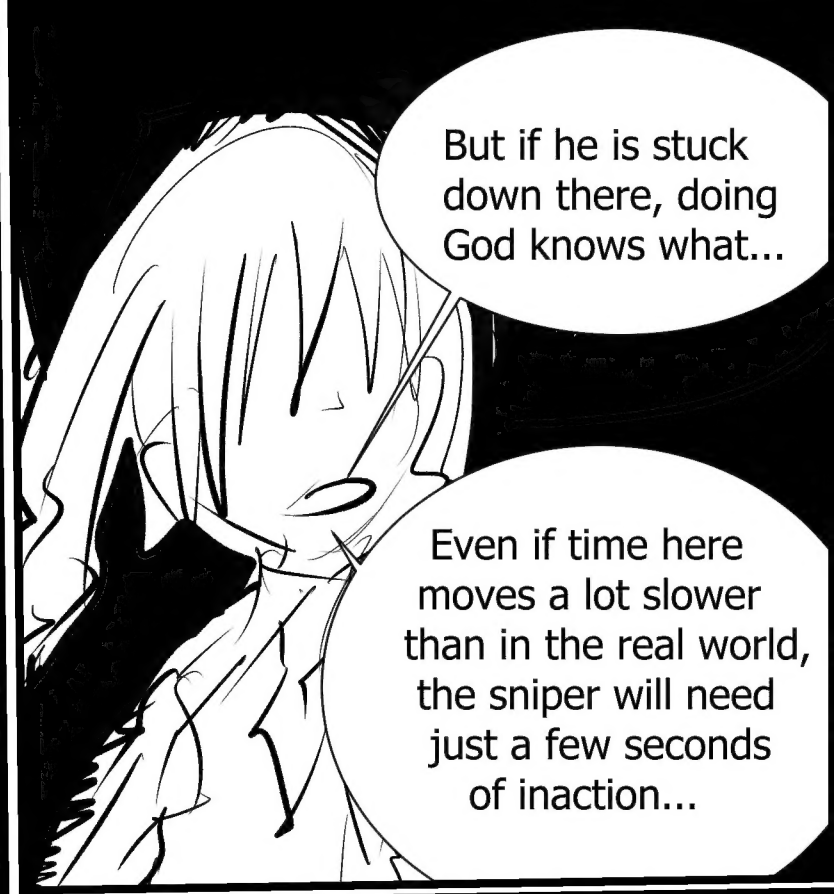

No, I doubt that...

I have a guess  
where his soul  
could be....

At the bottom, at the deepest point of the abyss

You are the closest to him in more than one way, so let's go with your intuition

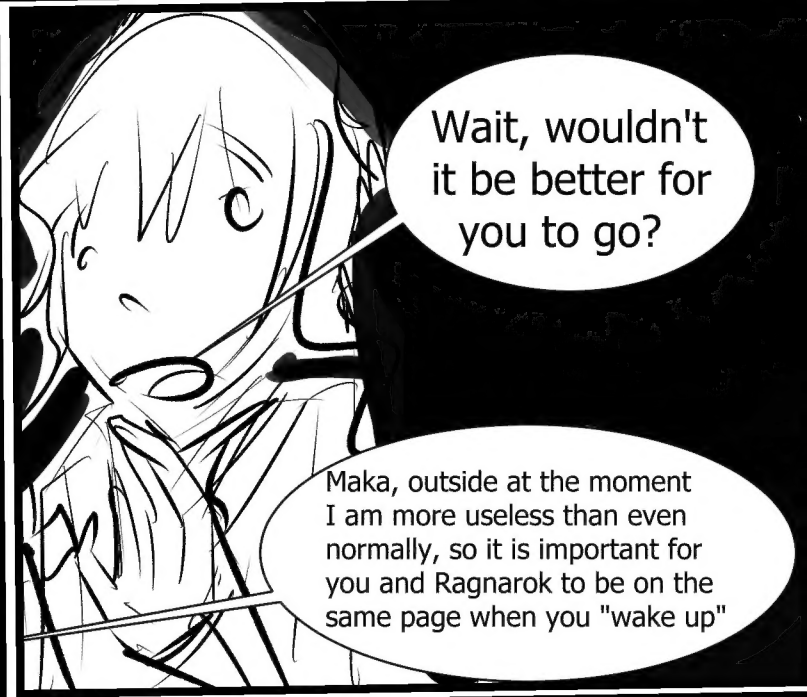

But if he is stuck down there, doing God knows what...

Even if time here moves a lot slower than in the real world, the sniper will need just a few seconds of inaction...

I'll give you a boost so you can get there as quick as possible

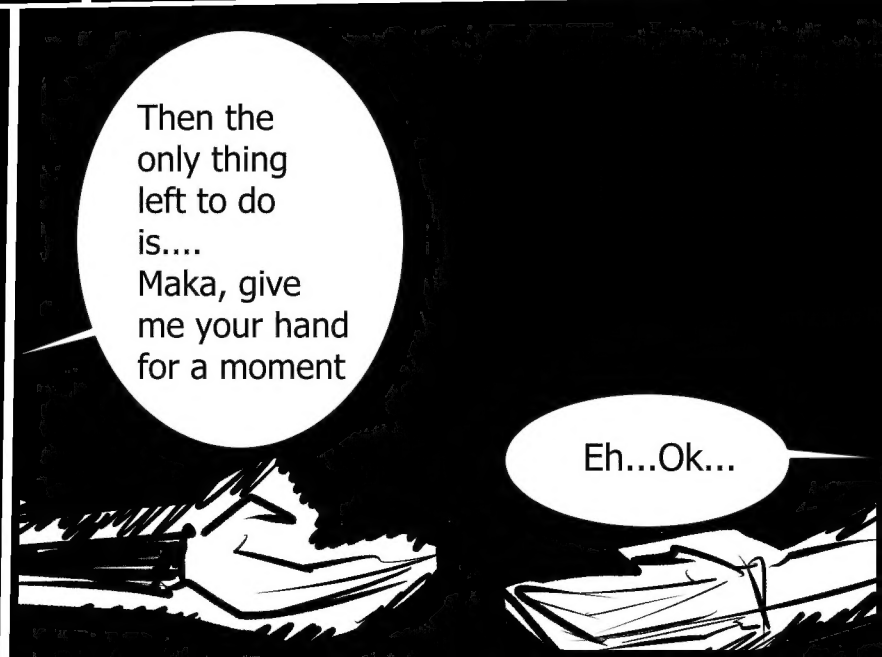

Wait, wouldn't it be better for you to go?

Maka, outside at the moment I am more useless than even normally, so it is important for you and Ragnarok to be on the same page when you "wake up"

Yes you are right

I'll bring the little pest back, whether he wants it or not

Then the only thing left to do is....  
Maka, give me your hand for a moment

Eh...Ok...

Good  
luck  
Maka

Huh?

Wait Crona,  
I don't think  
this is a good  
idea-

XSwsh\*

Wow, I never  
thought that I  
had enough  
confidence to  
pull off such  
stunt...

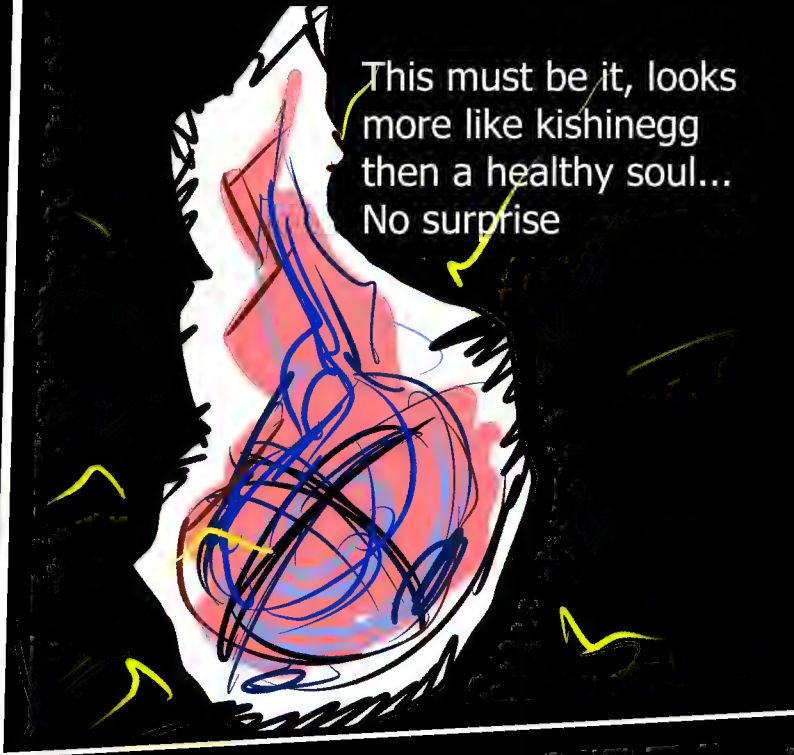

Ah now I do  
feel the anxiety,  
time to cope

Endless darkness...

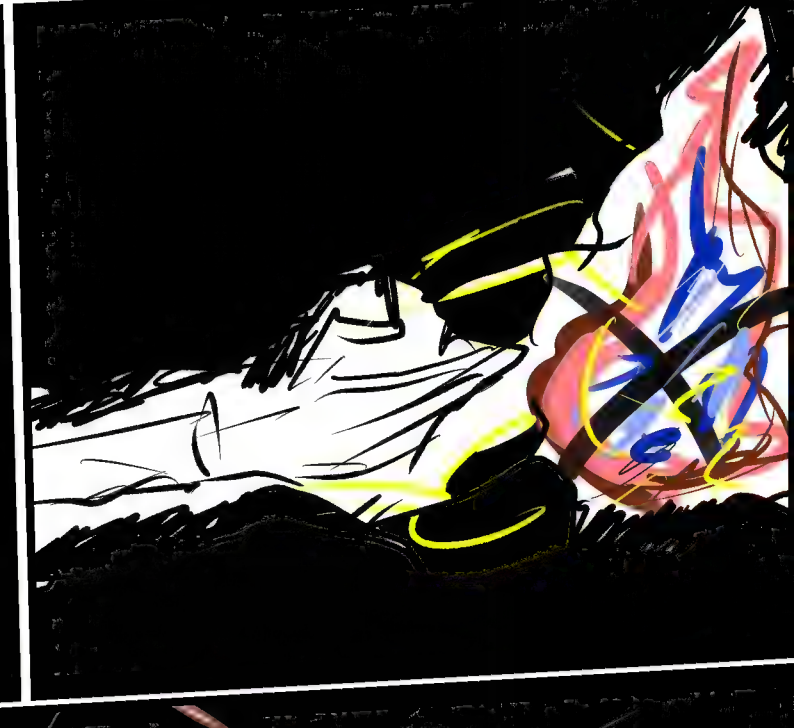

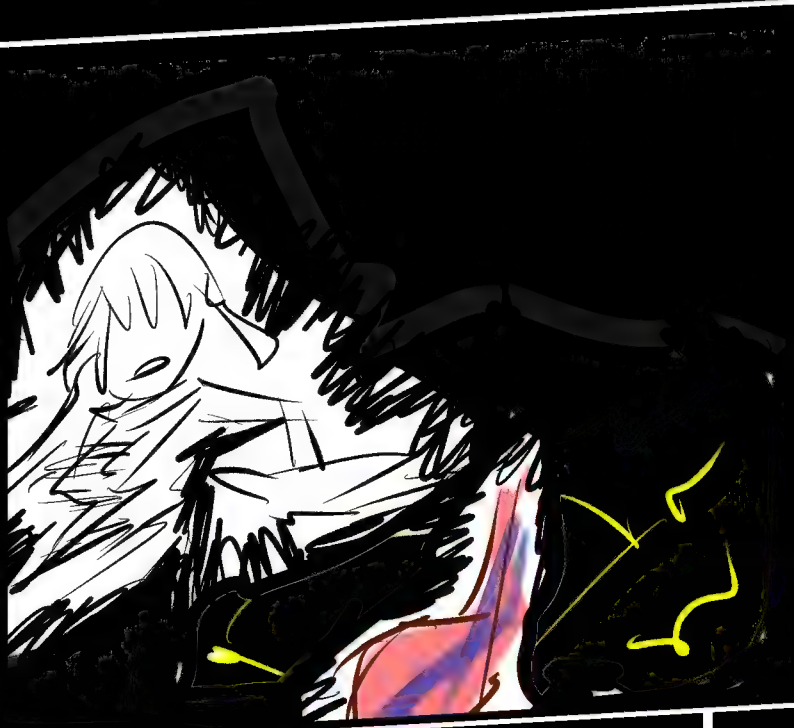

But he can't be much deeper....

Can he?...

This must be it, looks  
more like kishinegg  
then a healthy soul...  
No surprise

Ah!

I can't connect  
to something like  
that!

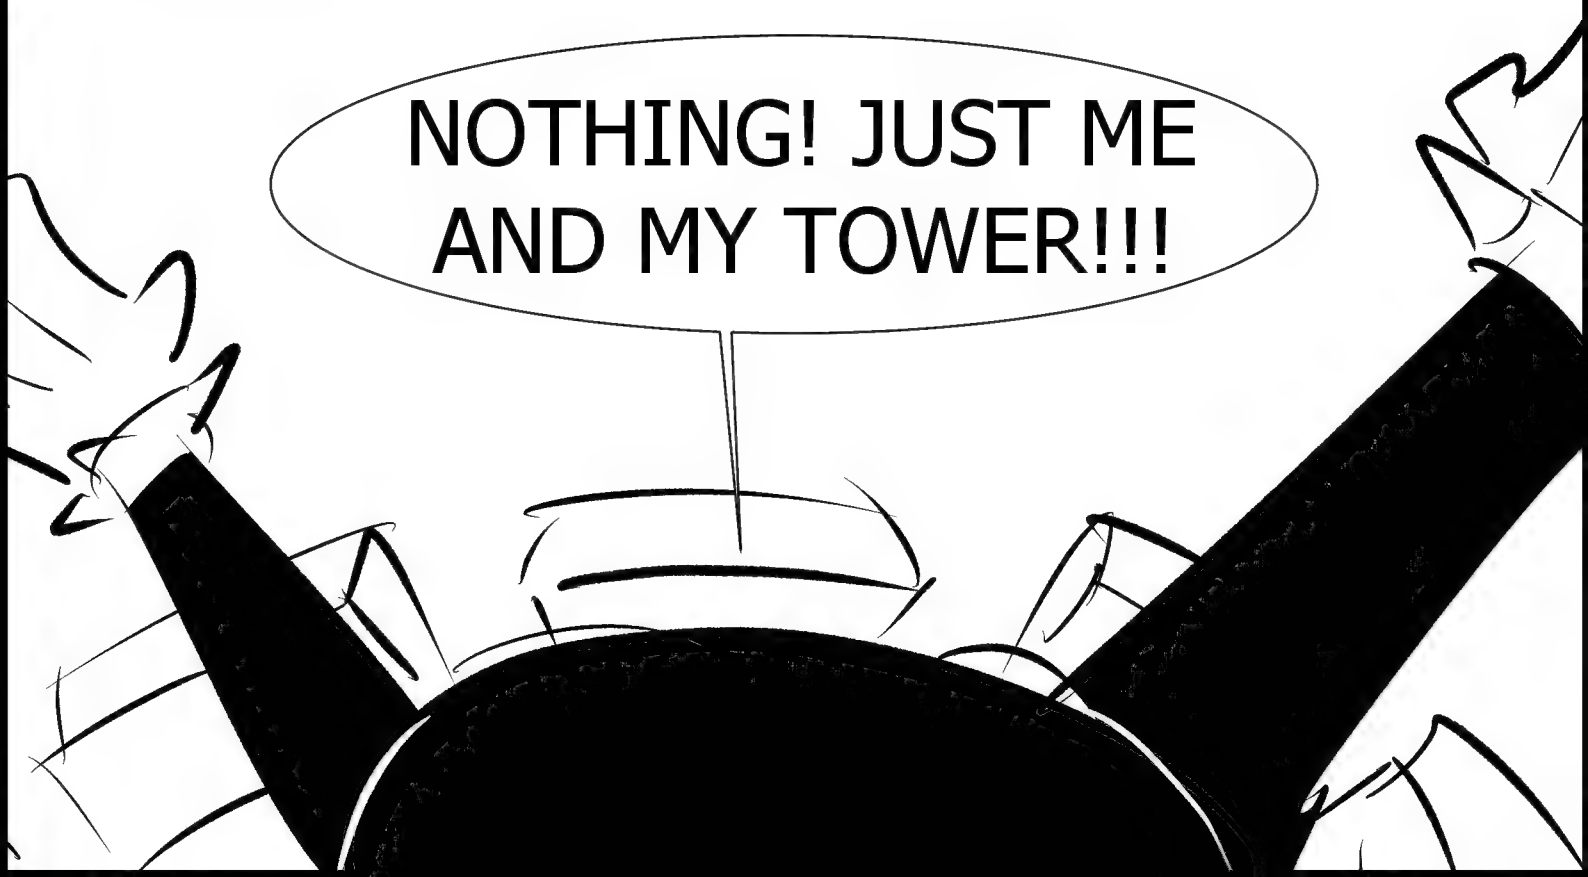

Hold on, is that a crack?  
Maybe I can take a peek  
inside...

NOTHING!

NOTHING!

NOTHING!

NOTHING! JUST ME  
AND MY TOWER!!!

A black and white comic book page. The bottom panel shows a character's head and arms. The character has a large, dark, rounded head and is wearing a dark, long-sleeved shirt. Their arms are raised, with hands open, palms facing forward. The background of the bottom panel is white with some faint, sketchy lines suggesting a landscape or structure.

GUIPI!

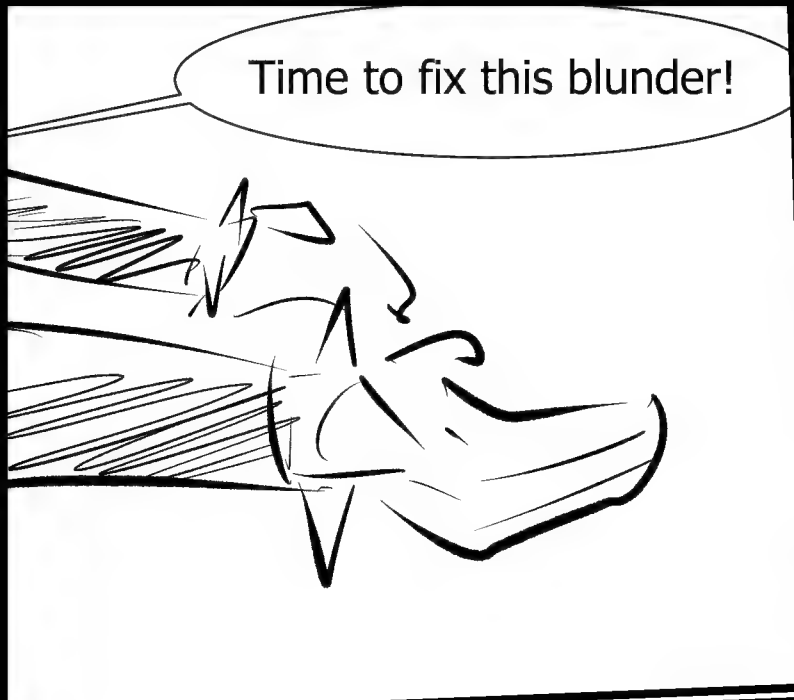

It's so perfect!  
Everything that  
I hate is gone!

A toast,  
to me!

Who is that freak staring at me?!  
How did this pathetic face  
survive the purge???

Time to fix this blunder!

Ahhh Ughhh!

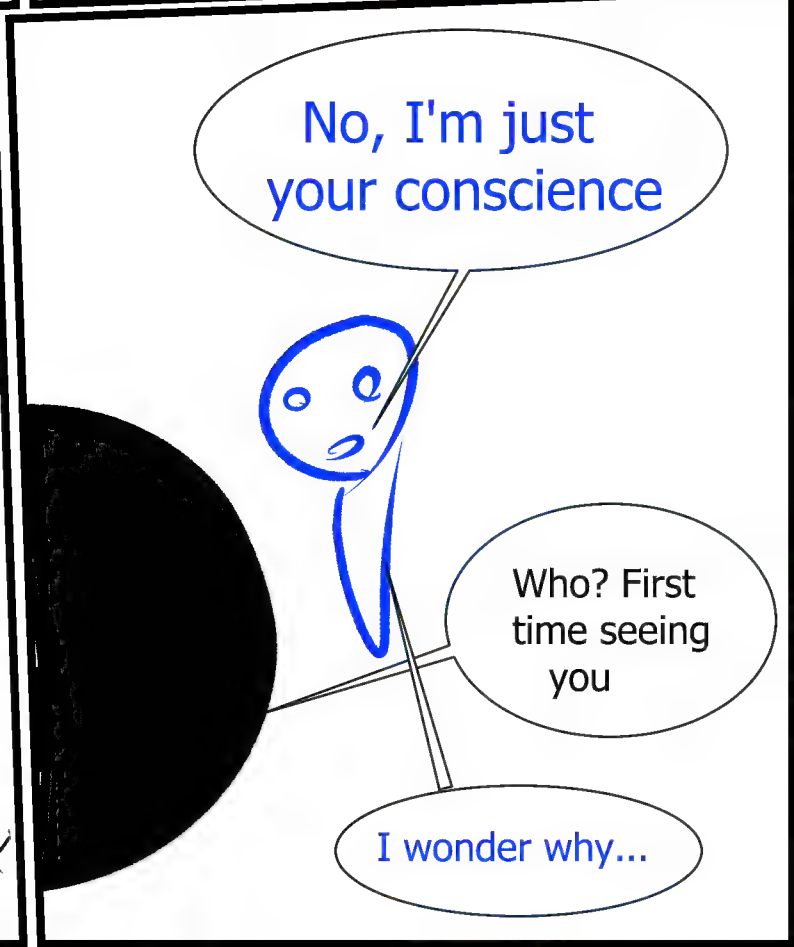

MAYBE YOU SHOULD STOP?

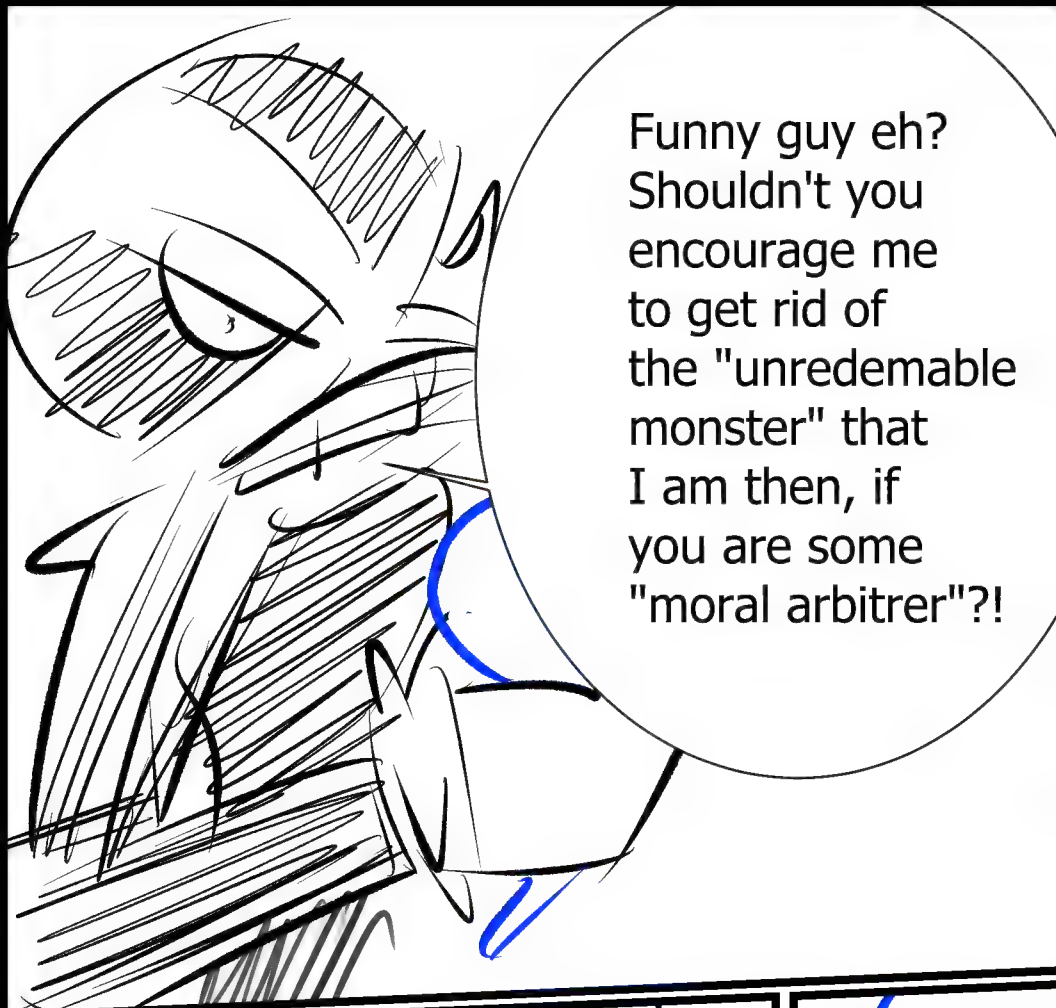

Who said that?! Another one that I forgot to cleanse from the face of the earth?..

No, I'm just your conscience

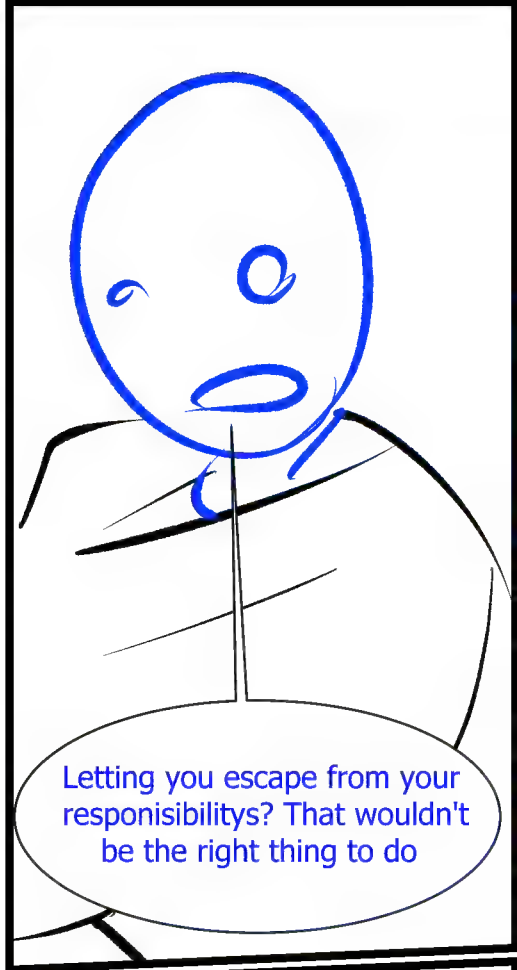

Who? First time seeing you

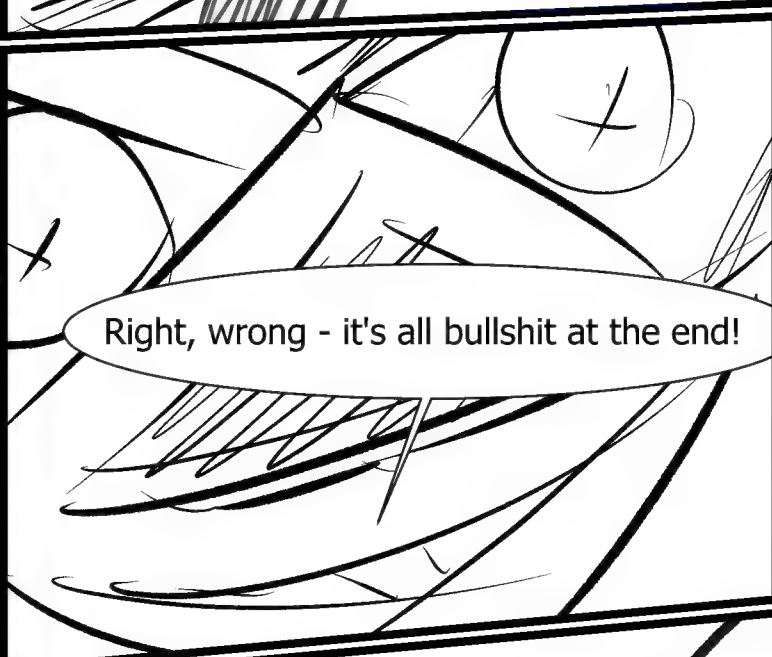

I wonder why...

Funny guy eh?  
Shouldn't you  
encourage me  
to get rid of  
the "unredemable  
monster" that  
I am then, if  
you are some  
"moral arbitrer"?!

Letting you escape from your  
responsibilitys? That wouldn't  
be the right thing to do

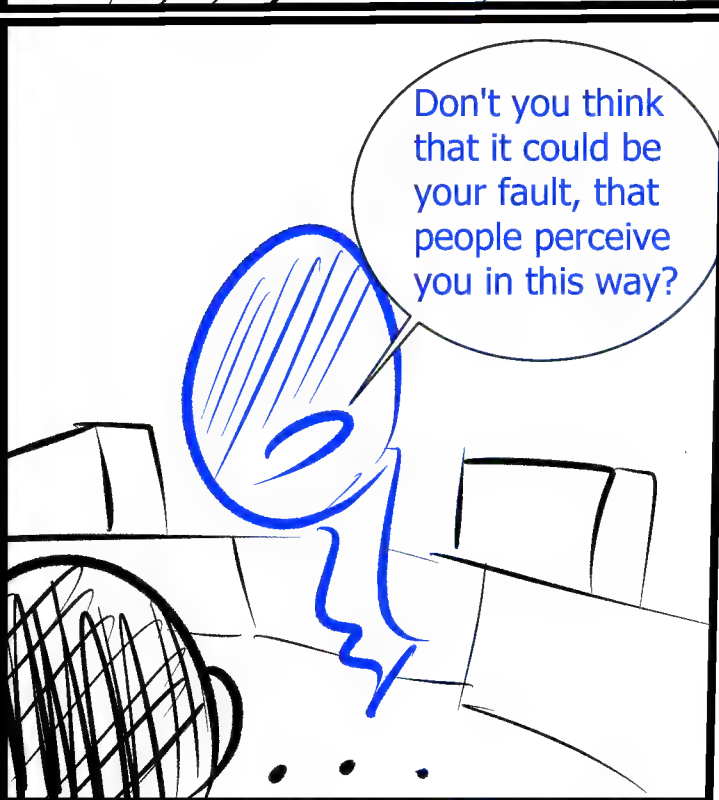

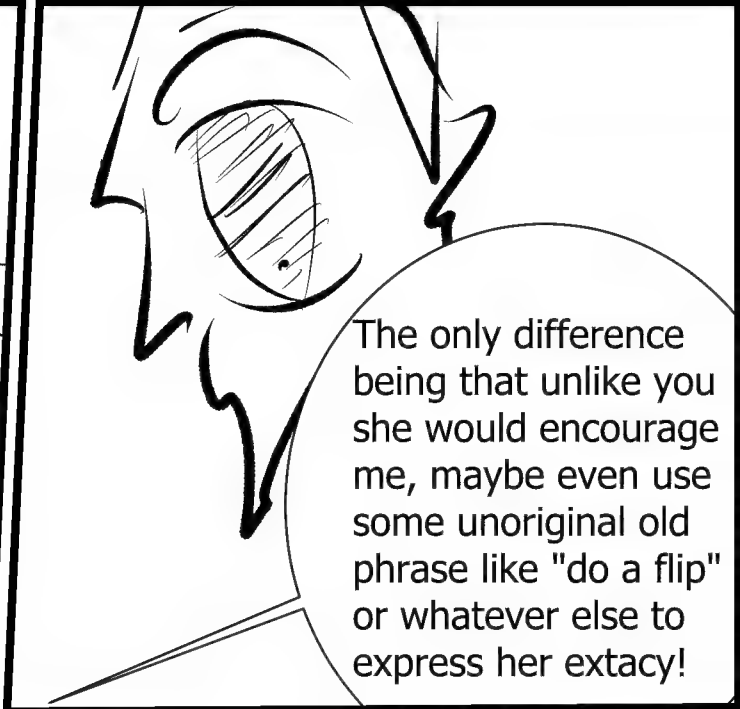

Right, wrong - it's all bullshit at the end!

I don't think  
so, and neither  
do you

Otherwise, you wouldn't  
have a reason to hate  
yourself

Giupi!!!

-ME...

How am I supposed to deal with this??!  
Wait that isn't my catchphrase... But...

It's all I could have been, all I used to be:  
Strong, feared, doing whatever, don't caring about others

Before I get out of this deadly situation...

Bailing on me when it gets dangerous?  
Don't you have a conscience??!

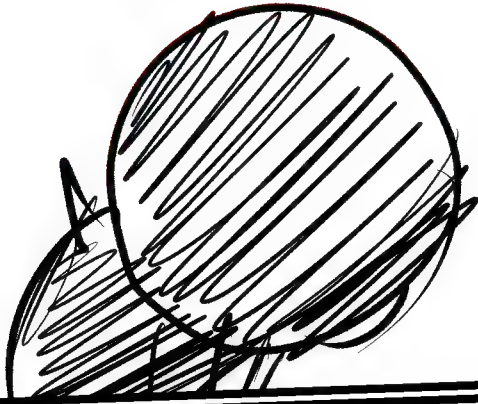

Jokes aside, one final question:  
Don't you feel responsible for it?  
All the damage and destruction the monster caused and may continue too...

Isn't that a problem you should fix...  
Repair the harm that was caused even if it takes a lifetime for a fraction of the evil too be undone...

\*RAH!\*  
\*RAH!\*  
\*RAH!\*  
Responsibility?  
Tch, it's all just luck!

\*AH!\*  
\*AH!\*  
None of this matters either way! Can't escape fate...

I'll just accept  
being consumed  
by the madness  
for good, maybe  
that's what I "deserve",  
what the world desires...

Then everyone get's what  
they want, no more playing  
nice, just killing till the  
monster gets slayen...

Another weed I  
didn't root out?

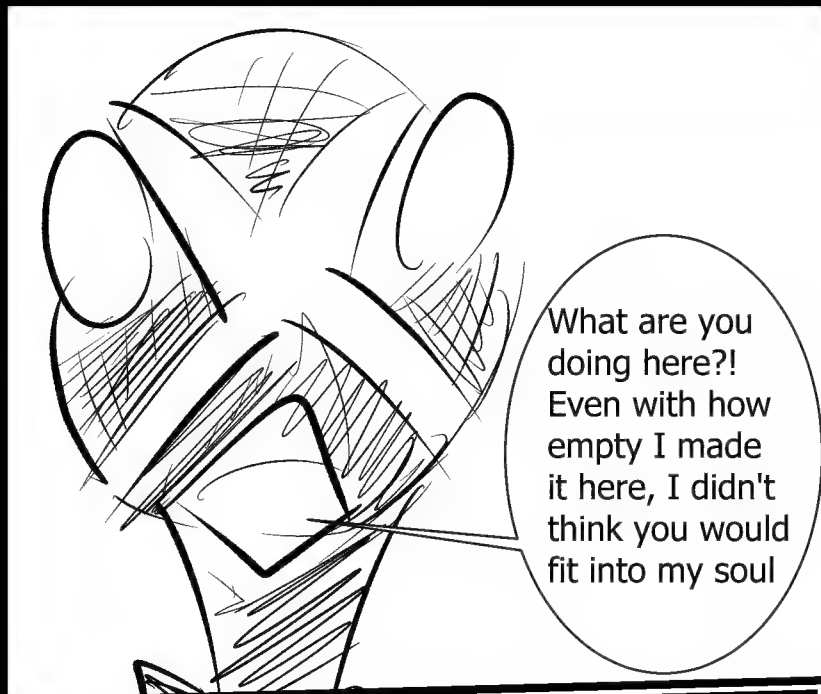

Strange, it doesn't stink like all other plants...

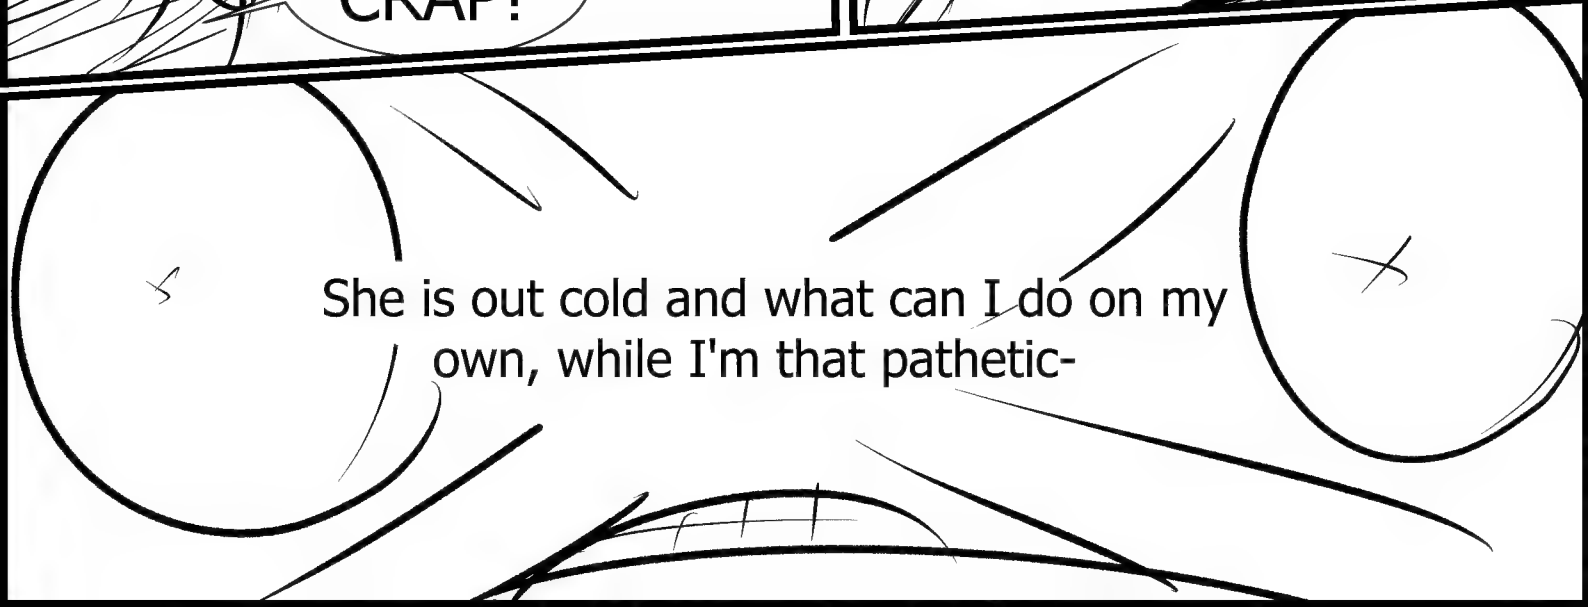

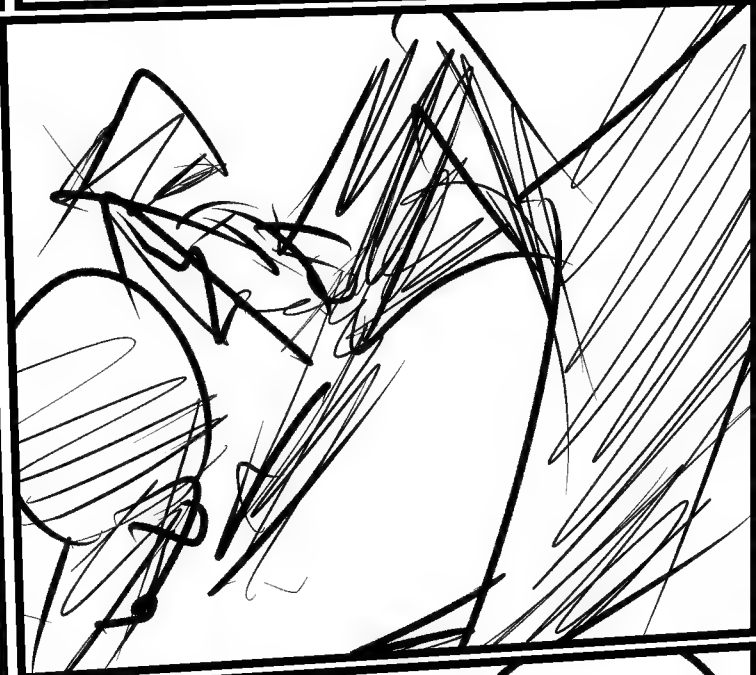

Smelling a flower  
before the end...  
Just confirms that  
it's for the best if I'm  
that pathetic!

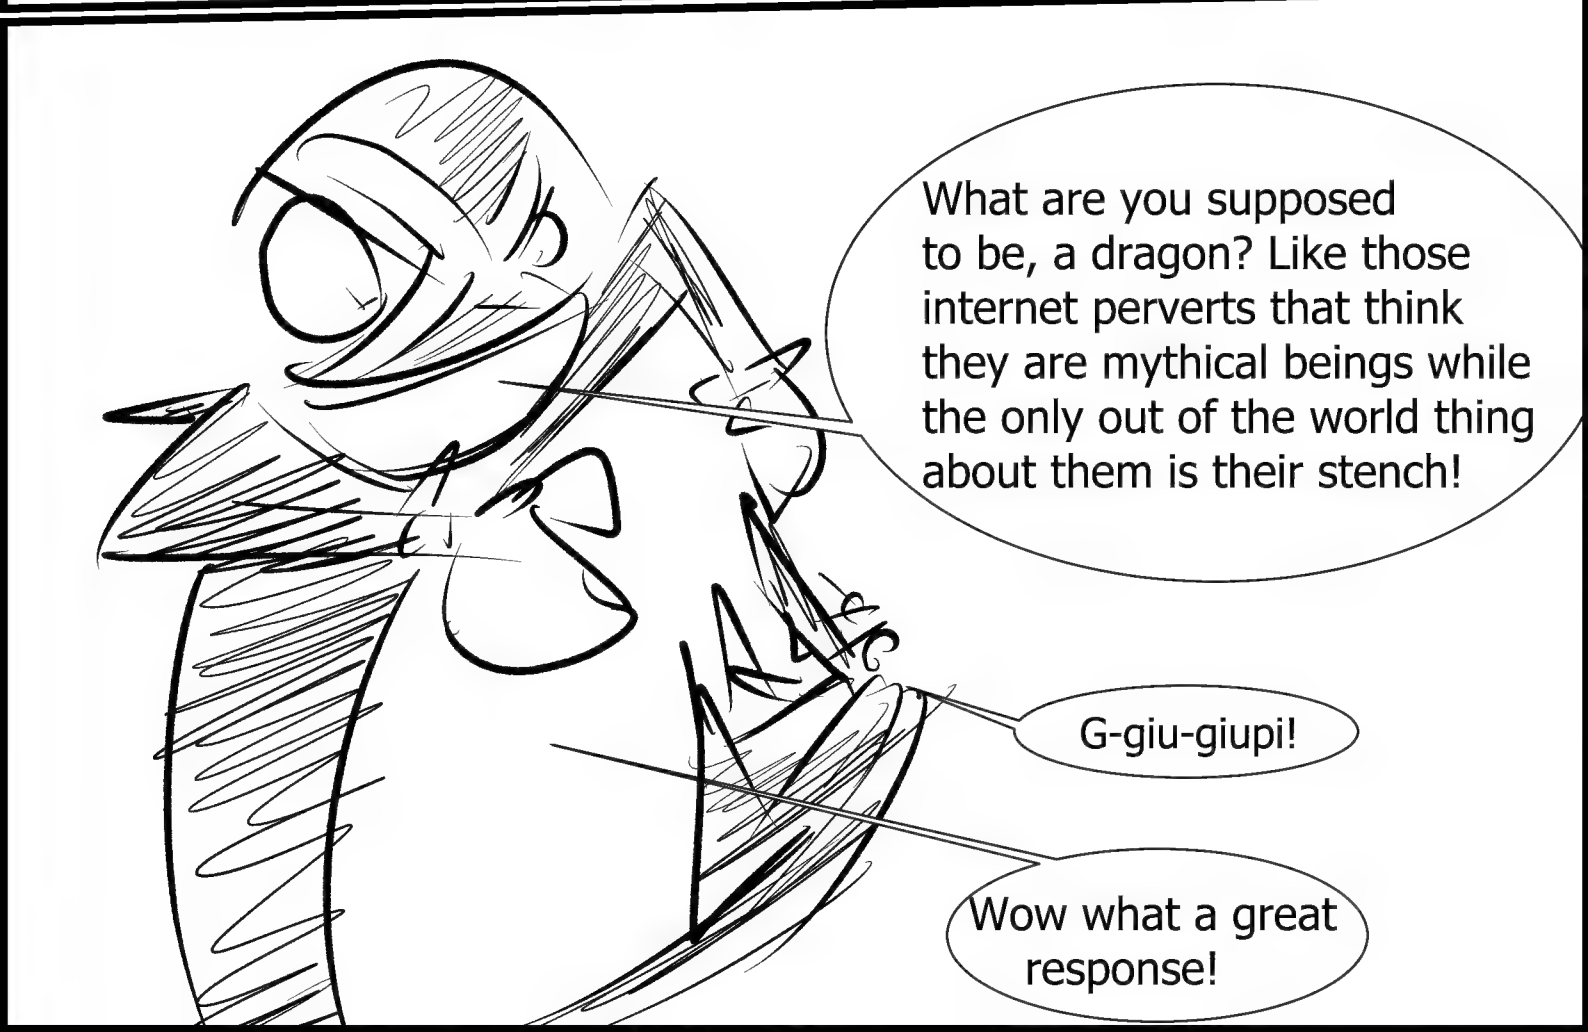

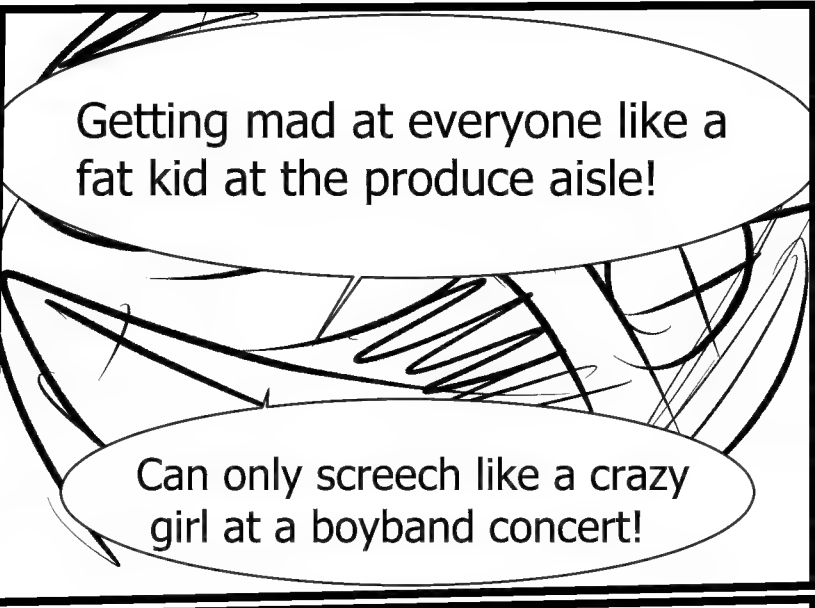

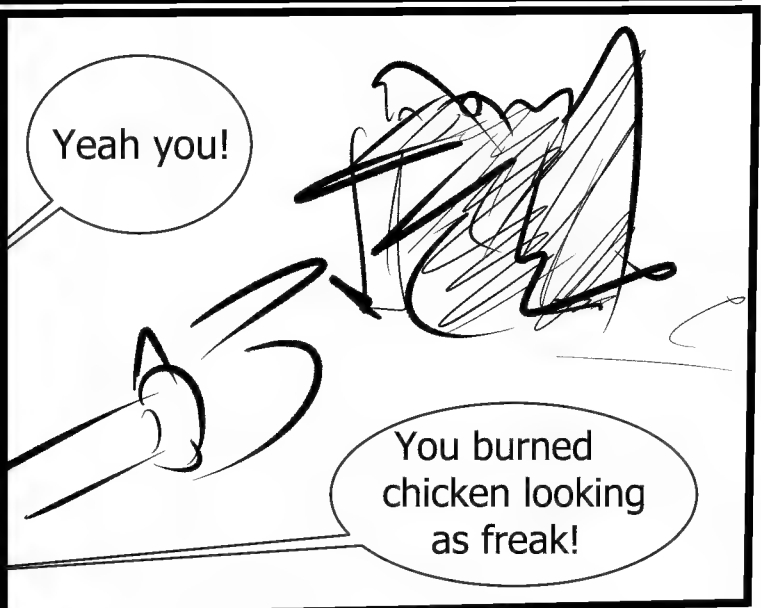

She is out cold and what can I do on my own, while I'm that pathetic-

At least better than  
lashing out at others,  
even when they feel  
sorry for a goofy goober  
like you!

Thats even sadder than  
anything stupid my Meister  
has ever done

The only thing you deserve...

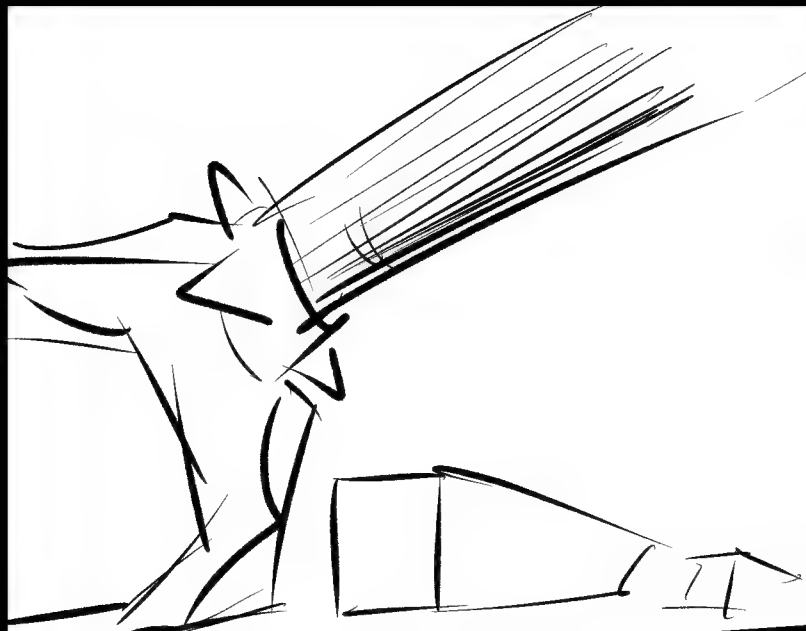

Is a good beatdown!

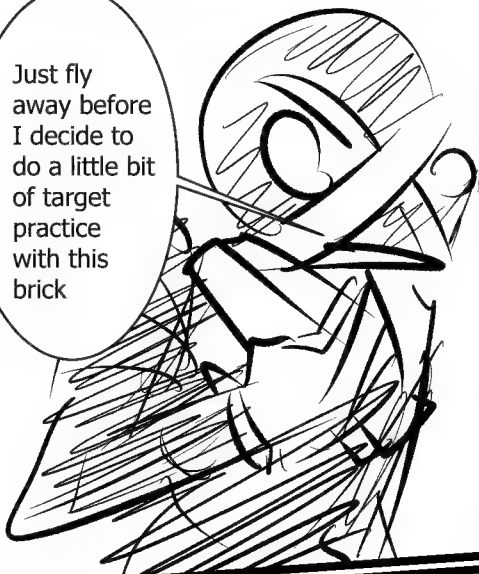

c-cu!d!

But even bullying  
you seems to be  
a waste of time

Just fly away before I decide to do a little bit of target practice with this brick

Ragnarok did it...

Hehe, just fly away you coward!

Good thing the brick was from the very top, so there is no way it was important for the structure of the tower

Wait why are you even saying something like that?!

I'm a bit dizzy...

XTRUKV

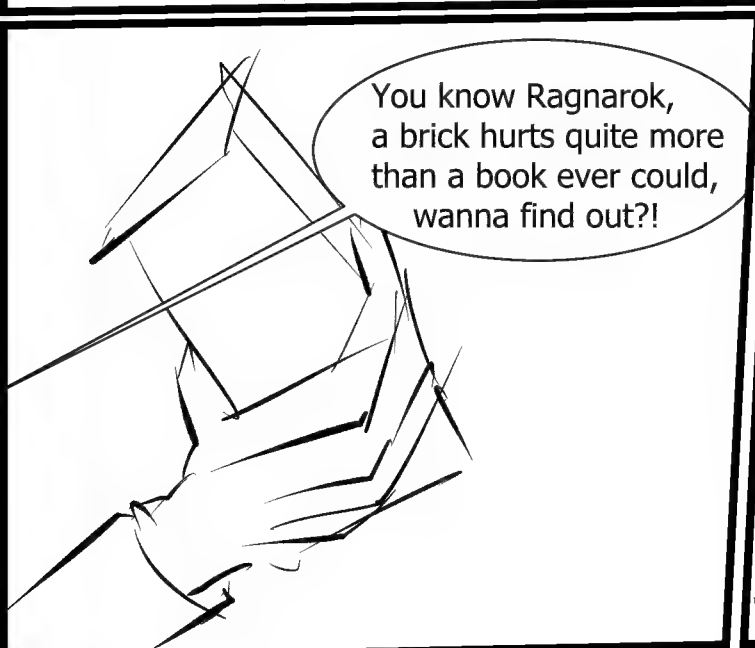

XTHUDX

Yeah there is no logic  
inside of the soul

Heh, maybe your weight  
was too much afterall

You know Ragnarok,  
a brick hurts quite more  
than a book ever could,  
wanna find out?!

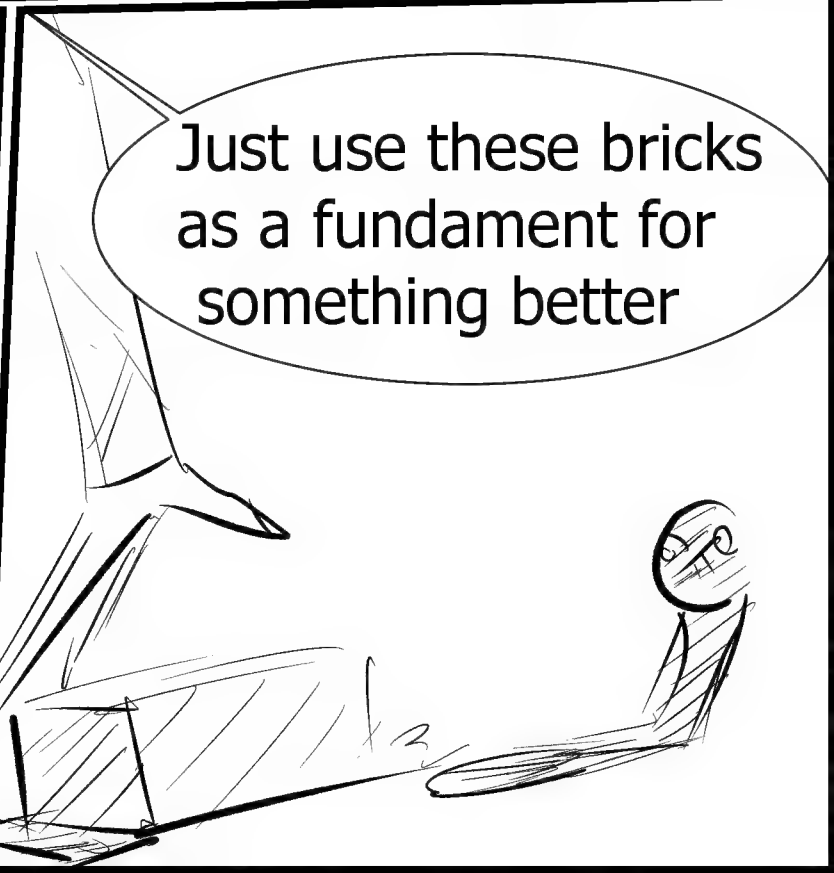

I'm just joking, but  
yeah maybe I deserve  
one hit for that

Old habits don't  
die fast... This time  
I'll focus my anger  
on the sniper that  
we still have to  
defeat

Seems like  
a good deal  
to me

Just use these bricks  
as a fundament for  
something better

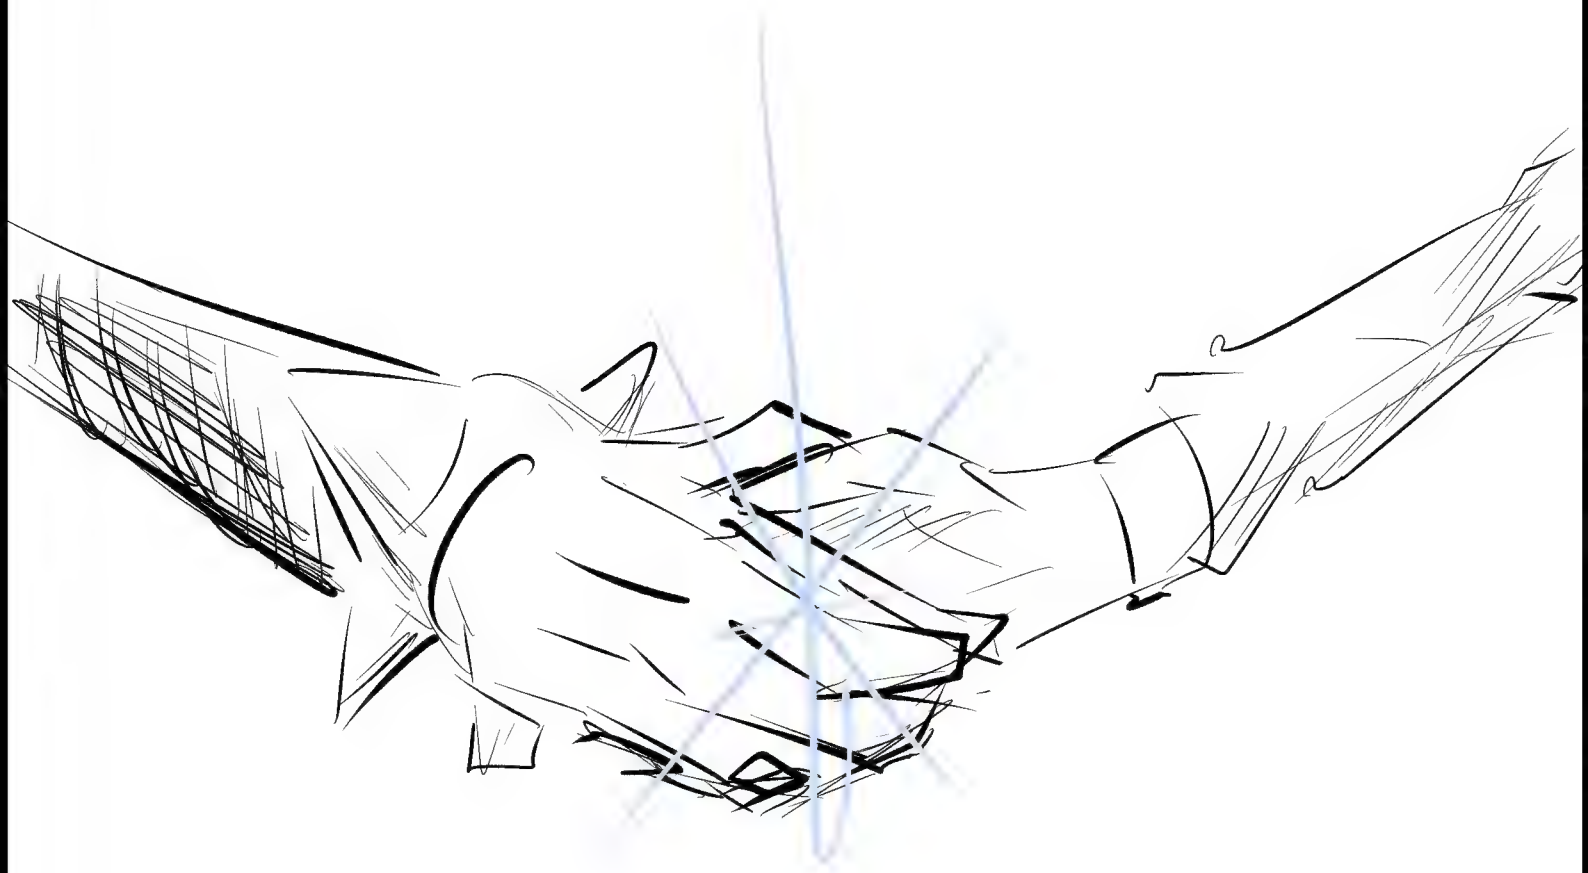

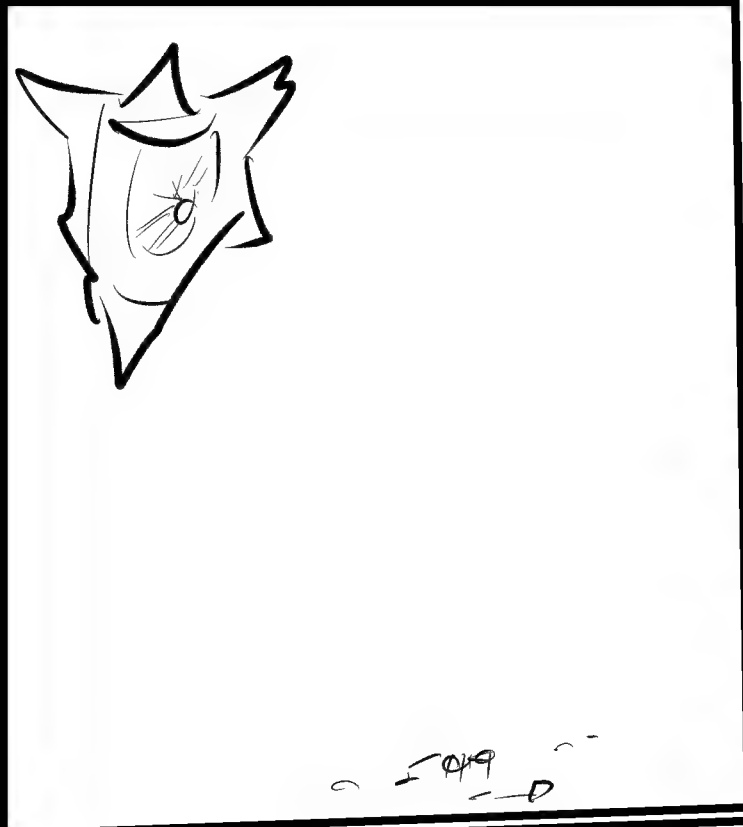

For once, I have to give you credit

We may not go along, but lets make a truce for now

Seems fine to me,  
we only need a confirming  
handshake

seems everything  
turned out fine

Hey, what  
ya staring  
at!

Oh... I-I just  
checked if you  
are ready to get  
back to the real  
world

When am  
I not ready?

Time for  
the real deal,  
enough of this  
sappy crap!

Not wise to  
stand still like  
that, too easy  
for me

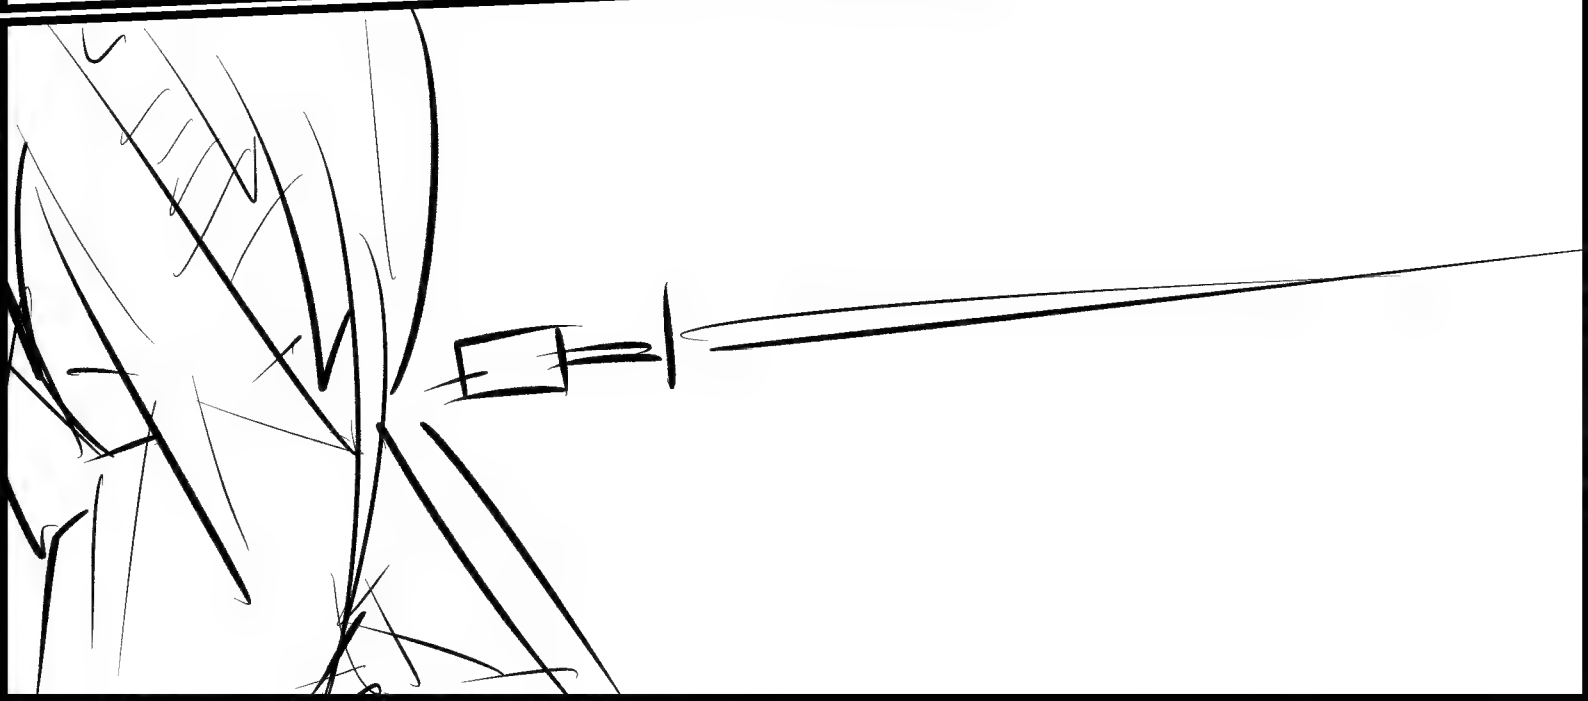

They are already like  
a statue, no need for  
madames wax...

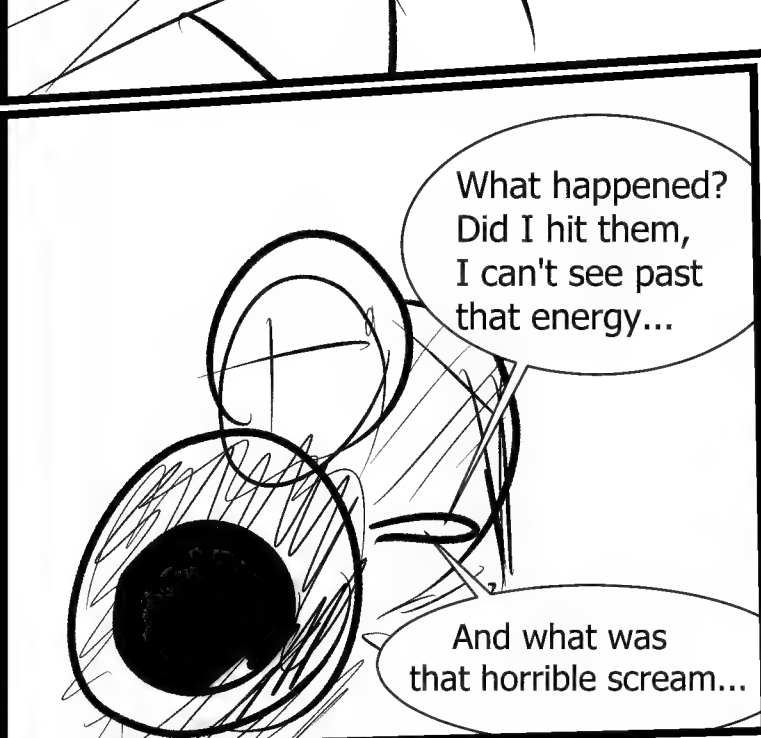

\*CLICK\*

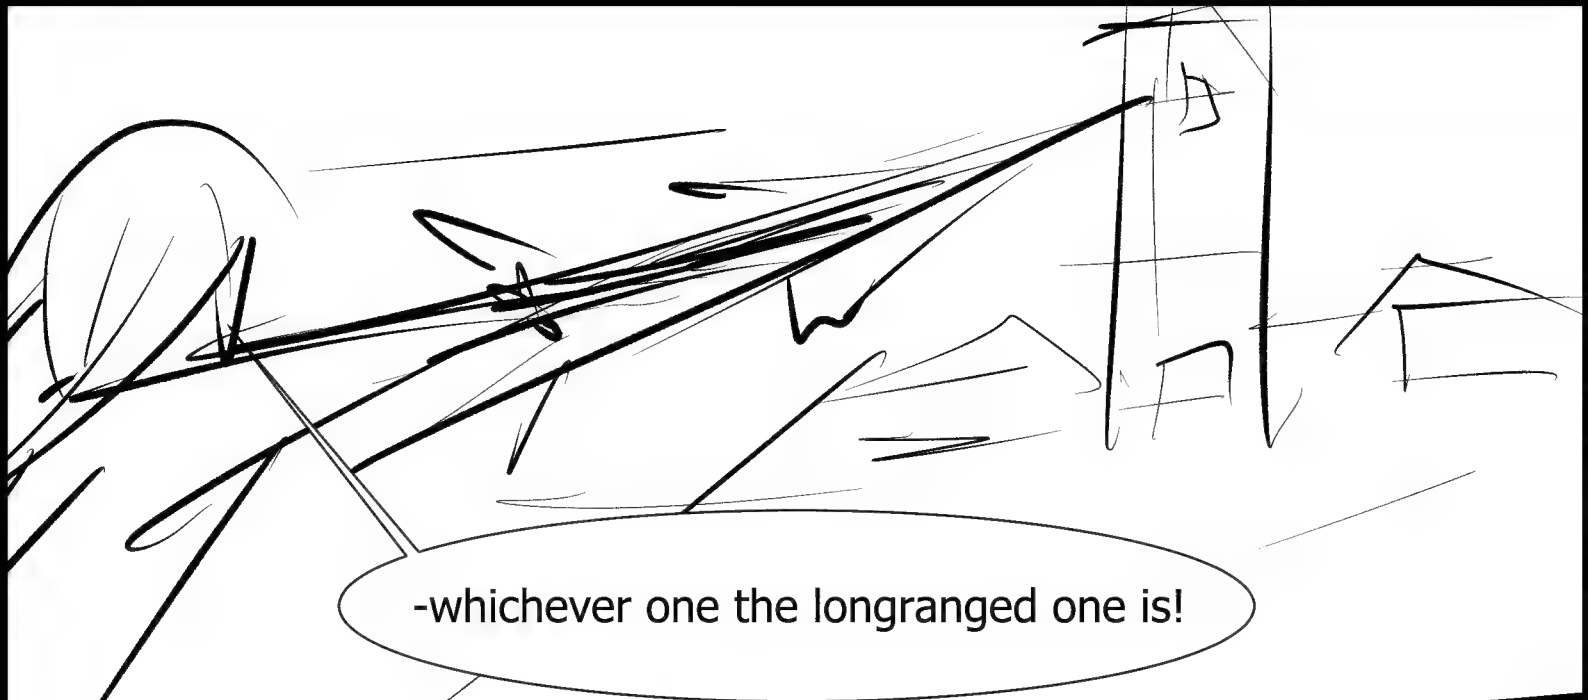

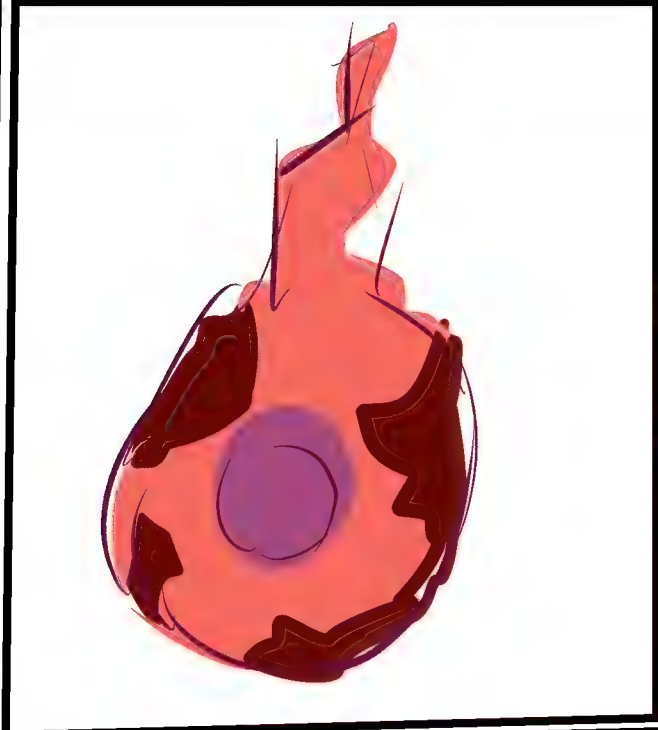

\*BANG\*

We did it...

Ofcourse, he was  
such a weakling,  
it makes sense  
why he had to hide!

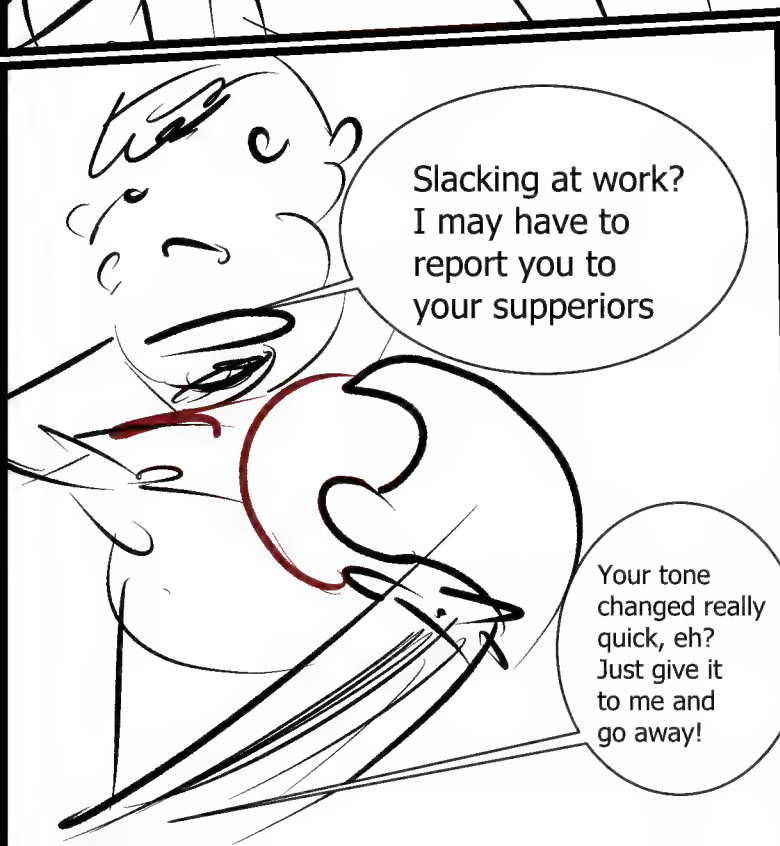

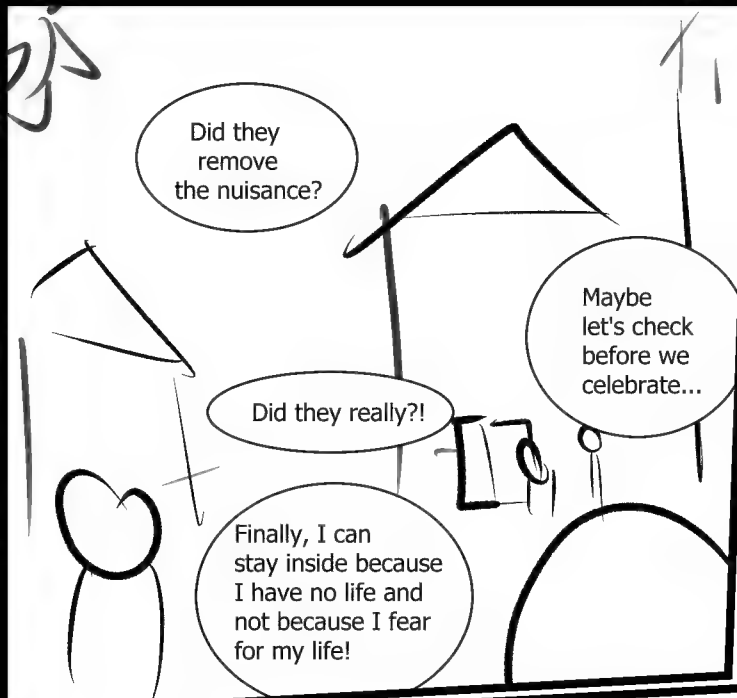

Ughh...

I feel like if I tore ever muscle...  
Even with the workaround the  
resonance took a lot...

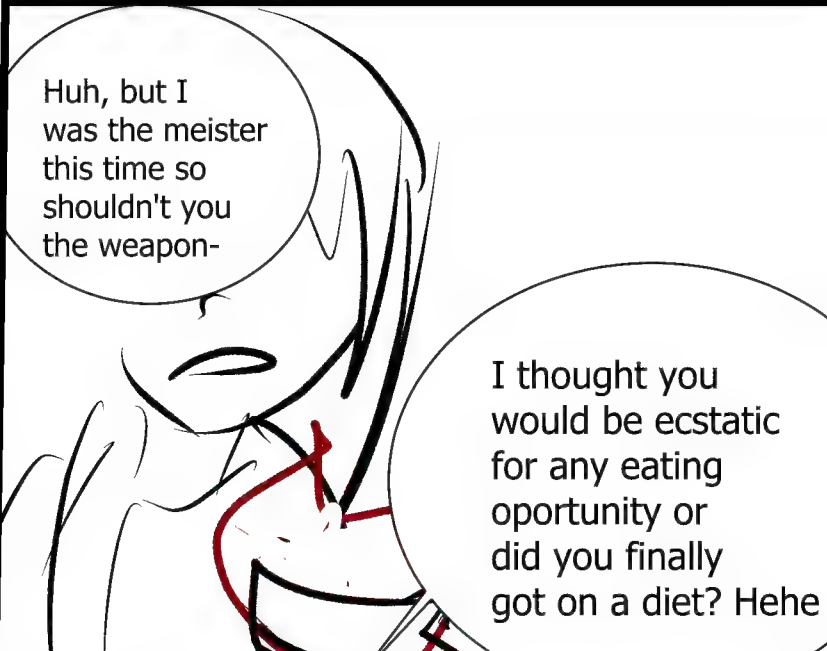

Wow, now you are  
as limp as Crona to, great!

Eat up!

Huh, but I was the meister this time so shouldn't you the weapon-

I thought you would be ecstatic for any eating opportunity or did you finally got on a diet? Hehe

Very funny...  
But thanks

Pff... I'm only doing it so someone with functioning legs recovers their stamina

If you say so...

But what do we do about Crona?

Just carry him, he doesn't weigh more than a paperbag

Well I can barely carry my own two feet, maybe we should ask for help?

Haha, yeah getting help in this village is like asking a kickboxer for a face-massage!

I-I think I can use my arms enough again to crawl...

Death city, a  
good day later...

Careful with  
the bag, don't  
smash it!

Ragnarok,  
isn' this a  
bit too much...

Tch, you complain when I  
try to "do the right thing" too?  
You want me to go back to my  
good ol calling everyone names?

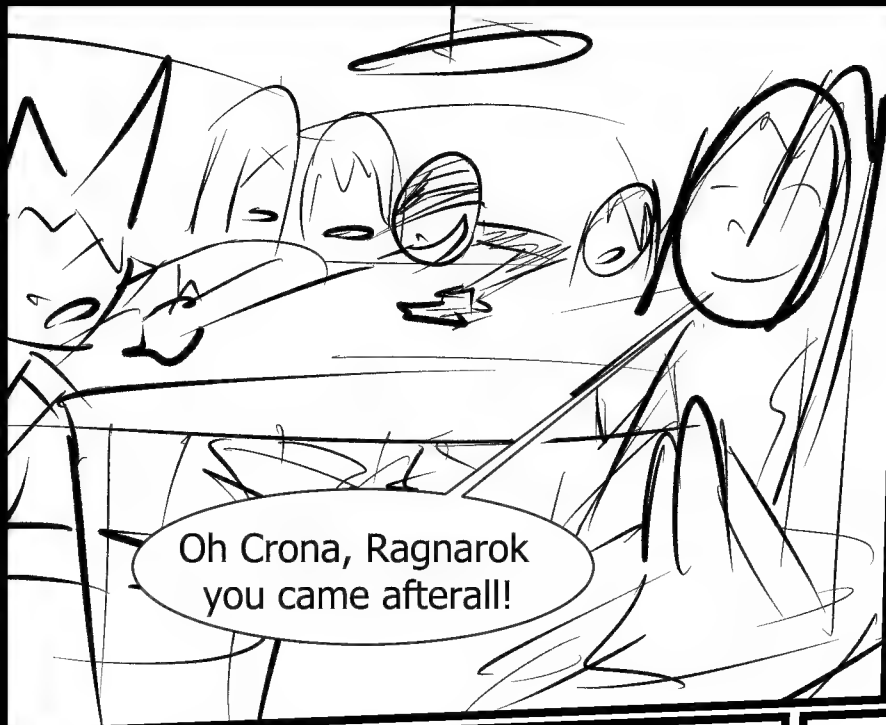

Hmm!

No-no I-I  
just ment-

Whatever, I  
let it slide,  
we are here!

Oh Crona, Ragnarok  
you came afterall!

What's in  
the bag,  
the souls  
of the  
inocent  
you killed?

This great  
mafia tv  
seires said,  
that if you  
mess up,  
gifts will  
make everyone  
forget it!

I wish I could  
forget this arm  
pain...

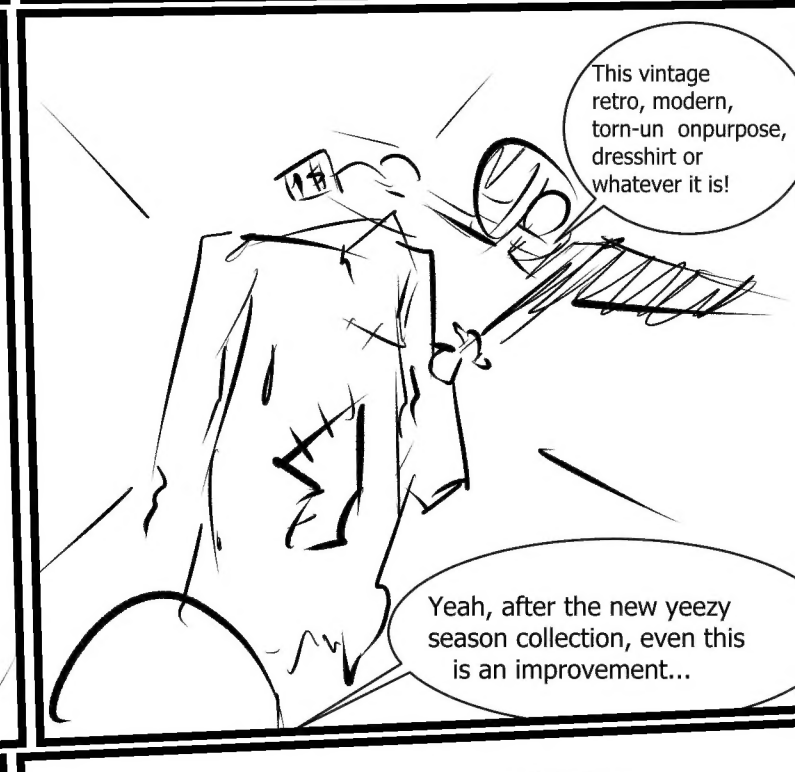

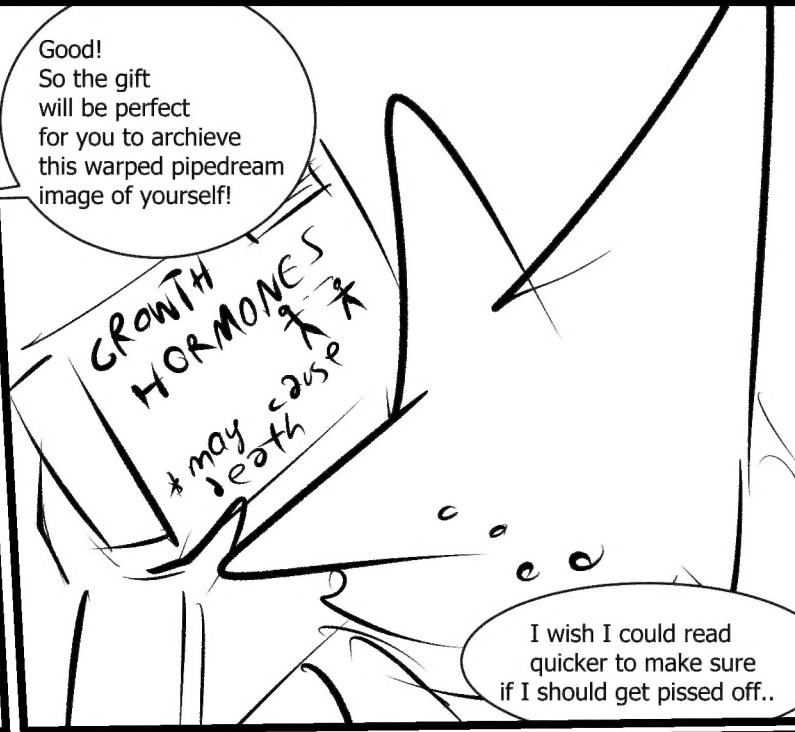

Seems kinda  
like you missed  
the point of the  
show..

As I was saying, do to  
me feeling bad about  
how sensitive you all  
are, I handpicked some  
special things that should  
make any "slights" I did  
go away like good weather  
during summer break!

I'm sorry  
in advance...

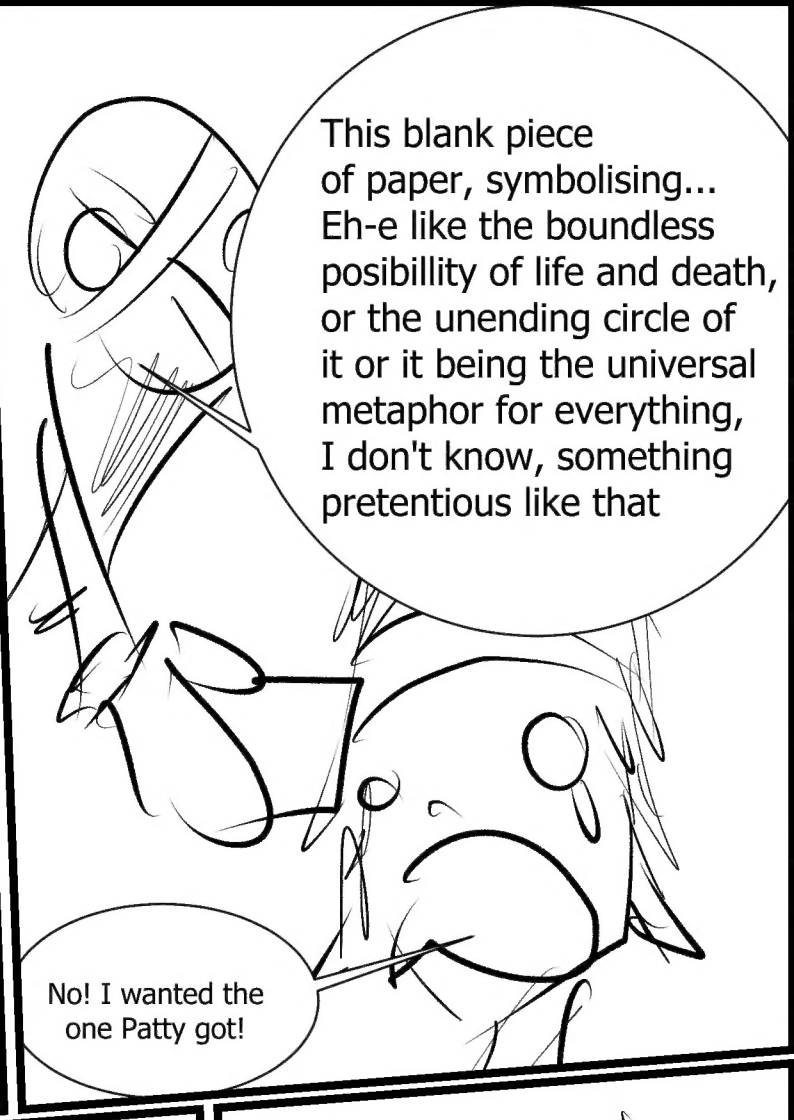

Now for the teenage reaper...

I ca't wait, I can't wait!

This blank piece of paper, symbolising... Eh-e like the boundless possibility of life and death, or the unending circle of it or it being the universal metaphor for everything, I don't know, something pretentious like that

No! I wanted the one Patty got!

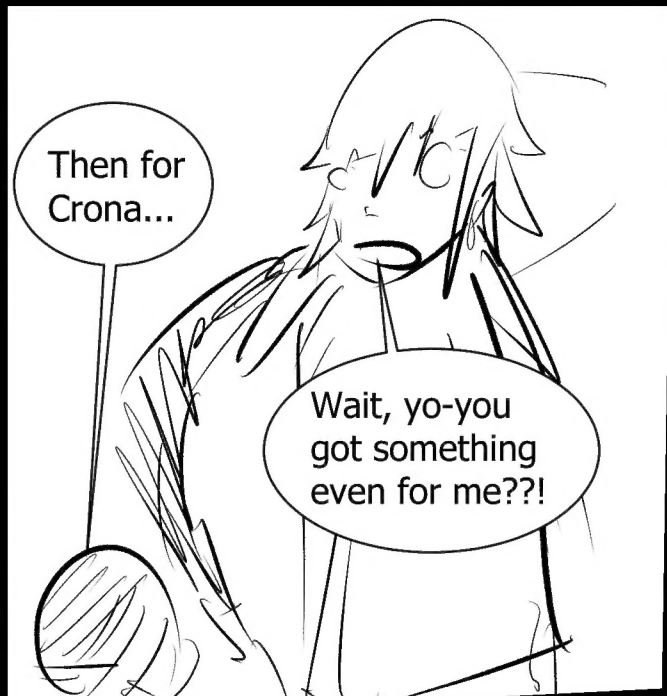

Hmm let's see whats left in the trash- I mean gift bag... Ah for my dear friend Maka... I remember you allways telling everyone about a certain book you couldn't find anywhere and how much it meant to you...

You mean... It can't be...

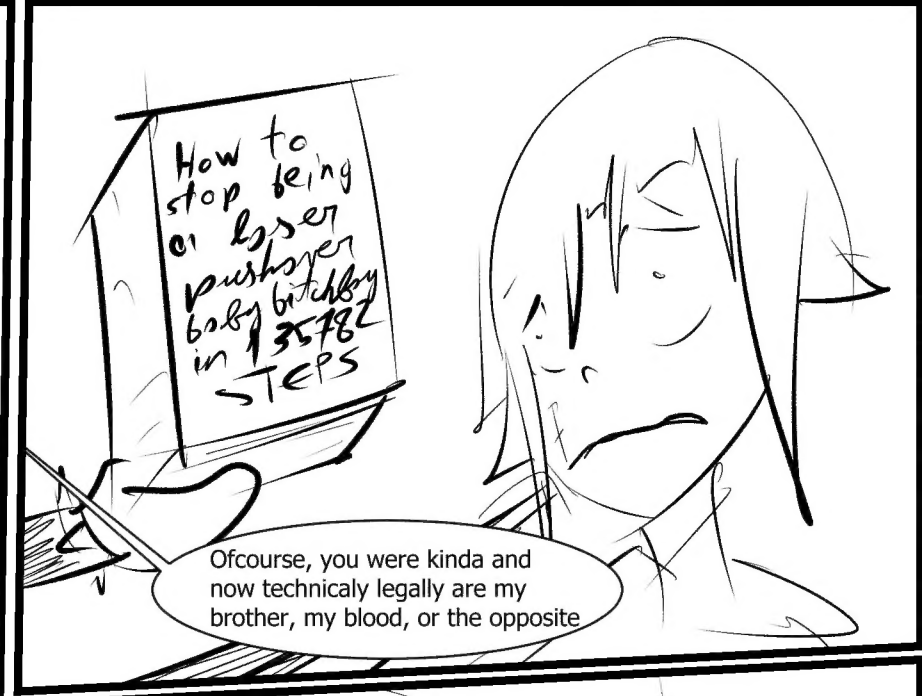

-So I bought you this classic movie instead, so you snap out of your book nerd phase before it's to late!

Then for Crona...

Wait, yo-you got something even for me??!

How to stop being a lesser pushover baby bitch in 35782 STEPS

Ofcourse, you were kinda and now technically legally are my brother, my blood, or the opposite

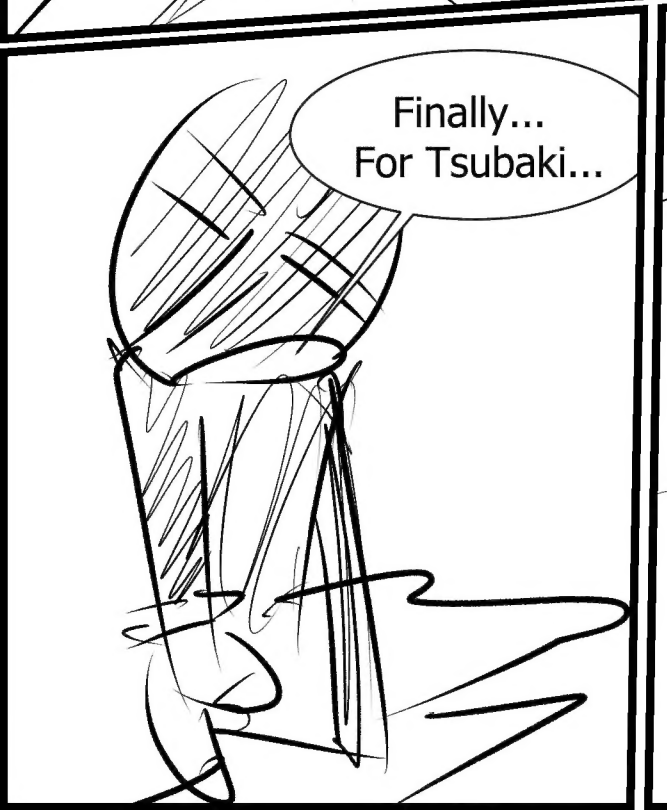

Just what I was looking for, thank you! I don't deserve such gifts!

It's...

No problem, but you may want to open it sooner cause not acting like this is step 1

Atleast he got a book...

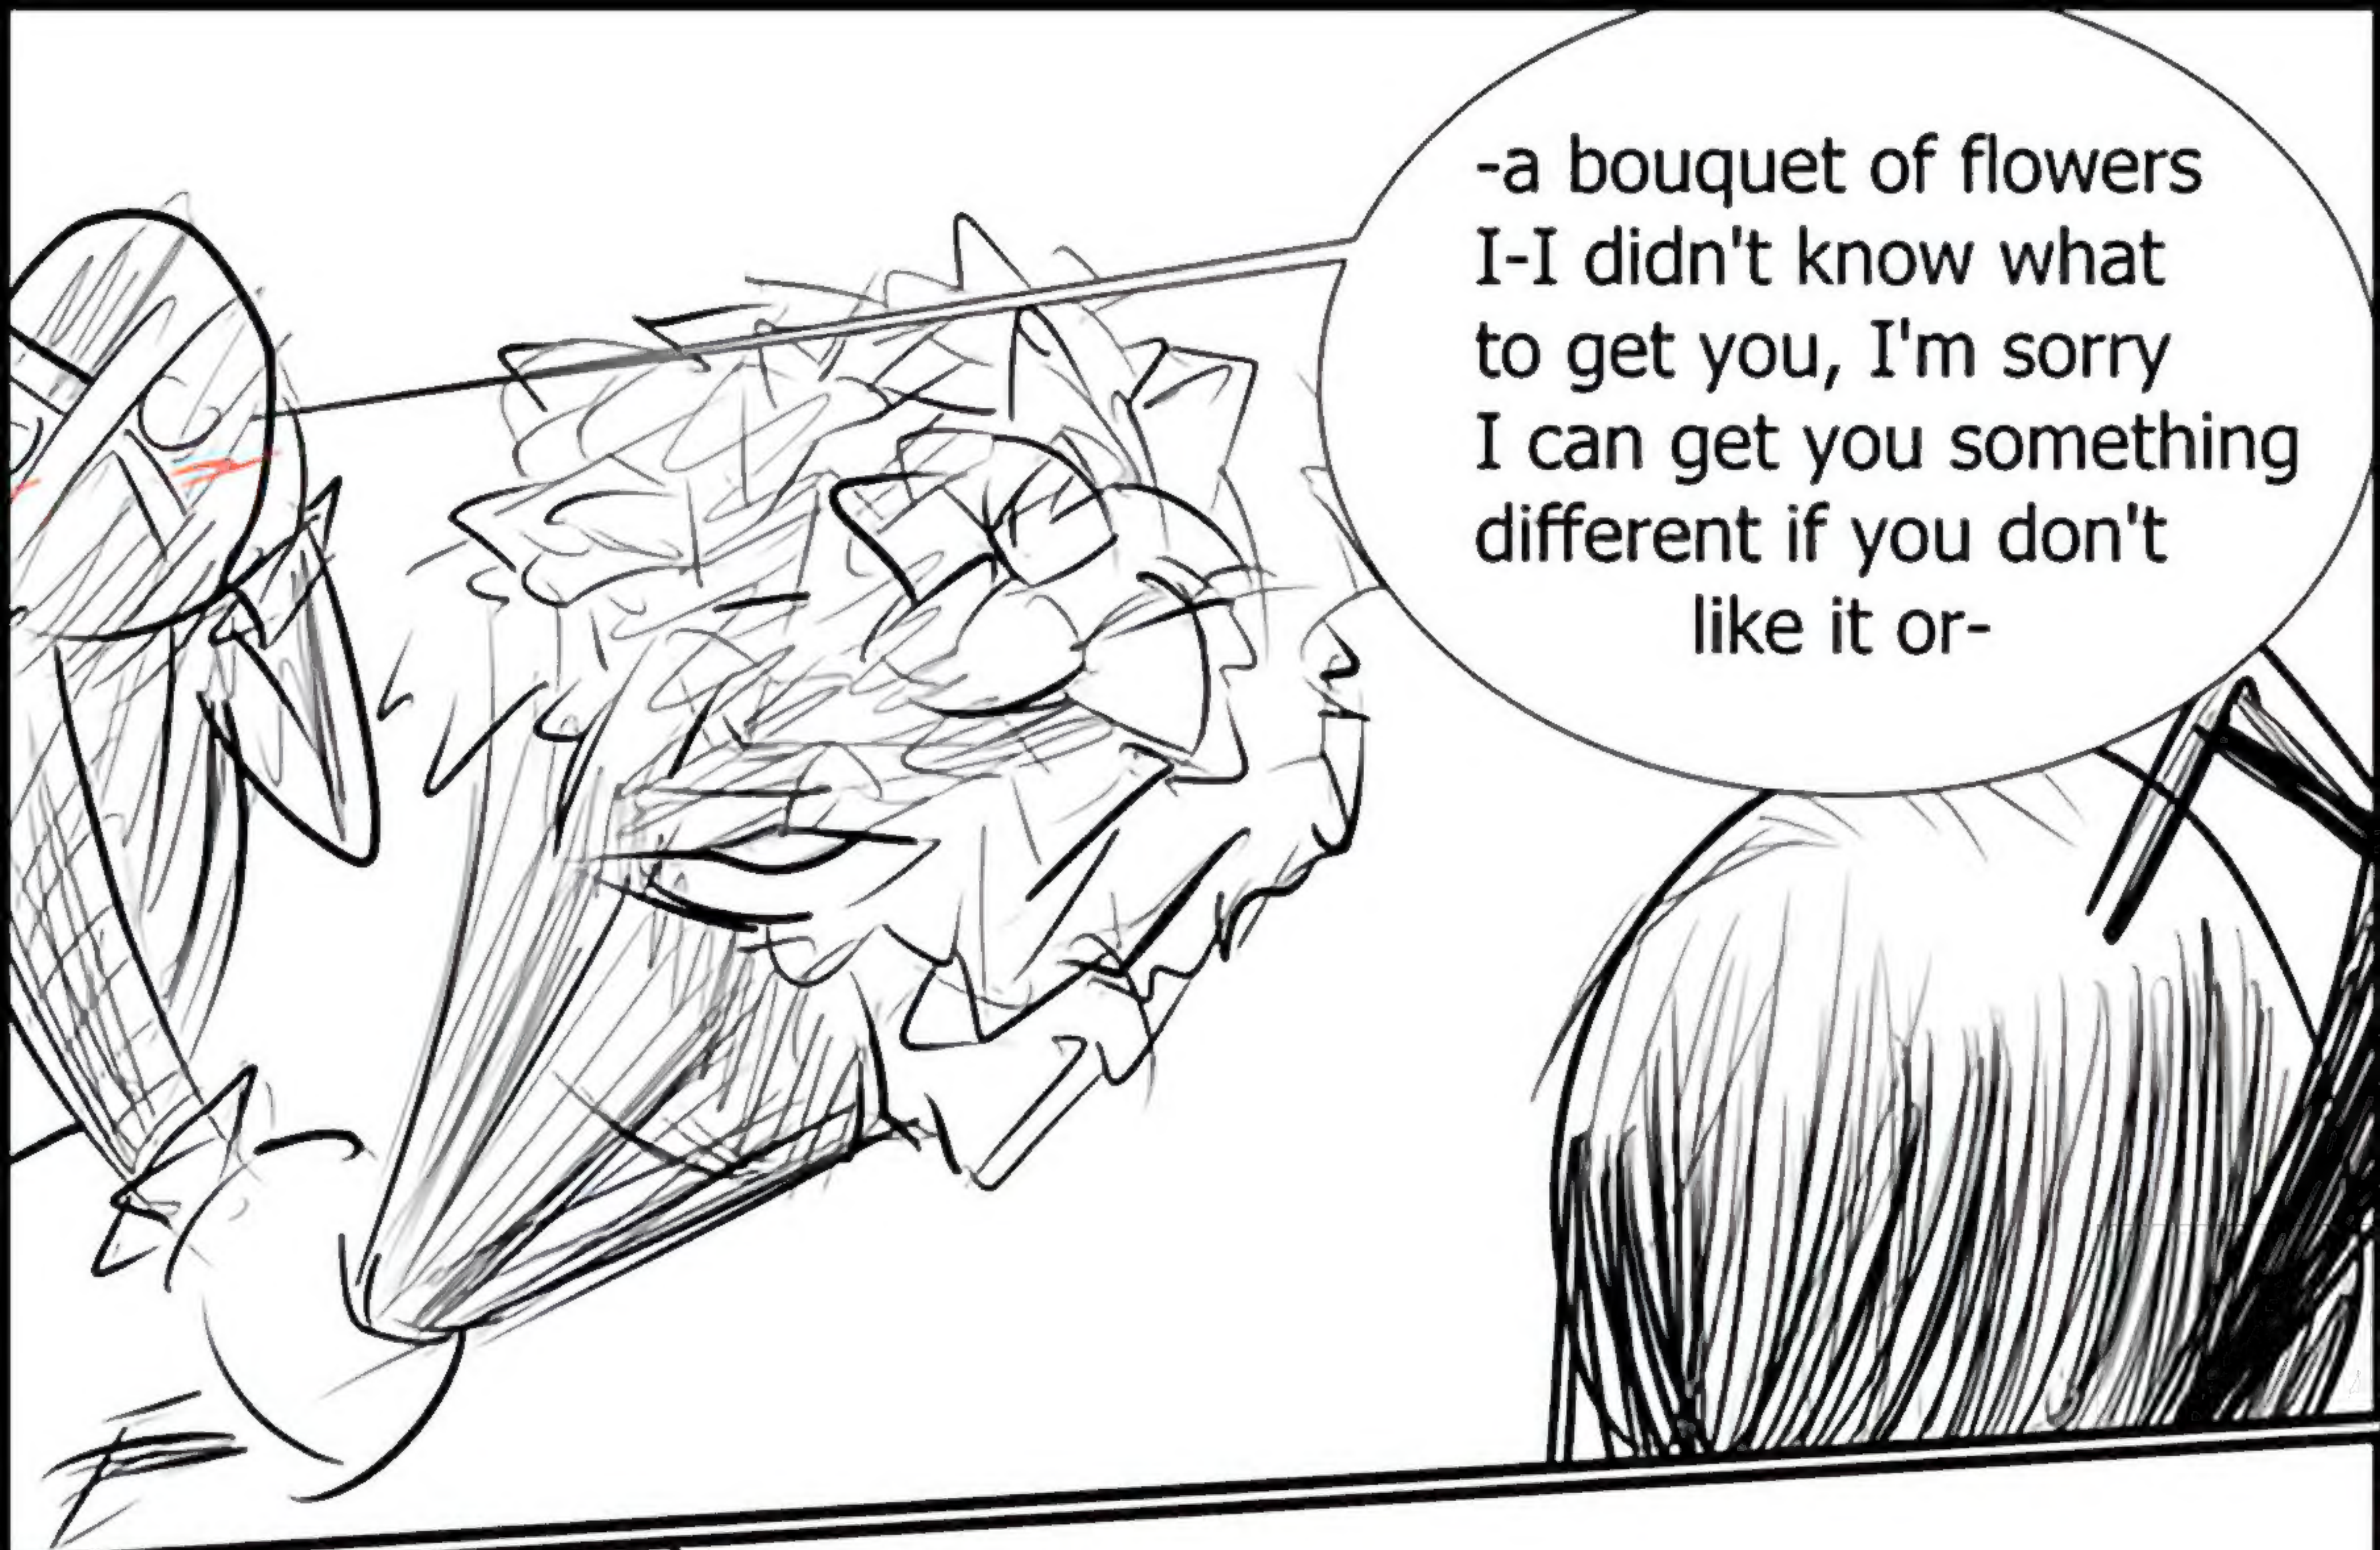

Finally... For Tsubaki...

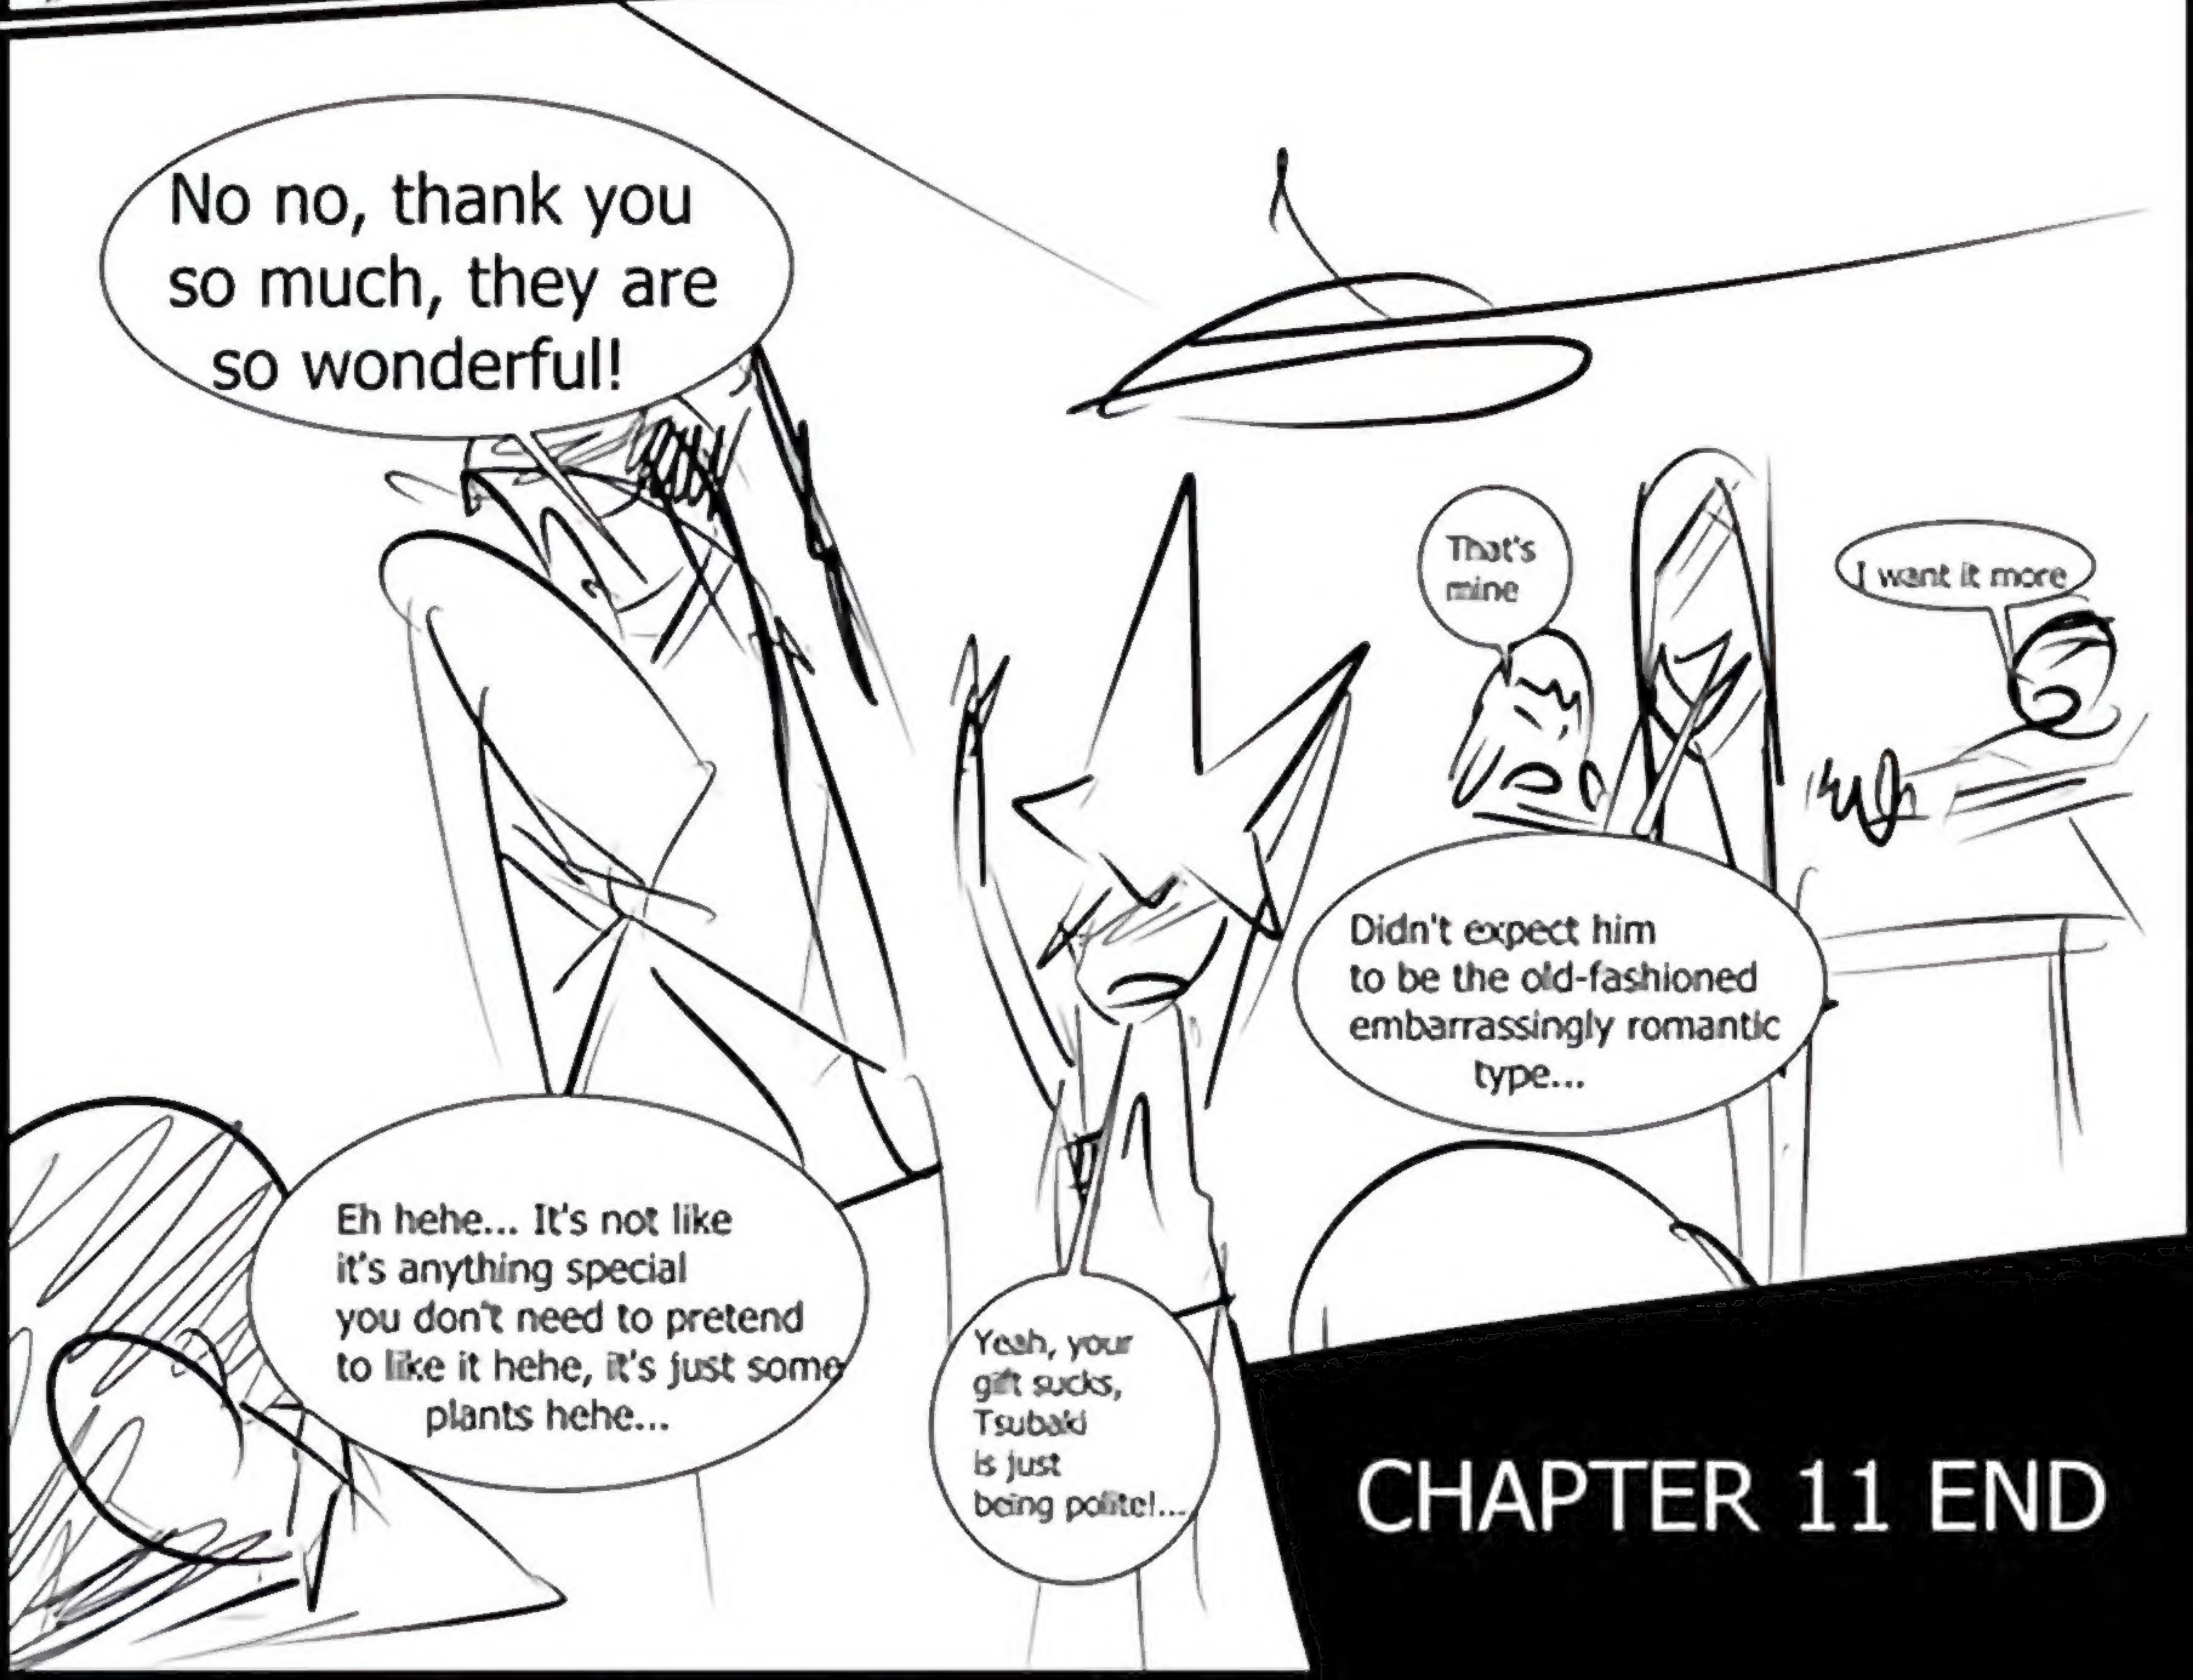

Oh great, another joke gift! You better not hurt her or else-

Well atleast it can't be worse tha nothing... On the other hand, maybe it can...

-a bouquet of flowers  
I-I didn't know what  
to get you, I'm sorry  
I can get you something  
different if you don't  
like it or-

No no, thank you  
so much, they are  
so wonderful!

That's  
mine

I want it more

Didn't expect him  
to be the old-fashioned  
embarrassingly romantic  
type...

Eh hehe... It's not like  
it's anything special  
you don't need to pretend  
to like it hehe, it's just some  
plants hehe...

Yeah, your  
gift sucks,  
Tsubaki  
is just  
being polite!...

CHAPTER 11 END
